COMMAND COMPOSITION AND ORGANIZATION

1. Command Mission. USS CURTS (FFG-38) is a guided missile frigate of the Oliver Hazard Perry Class. With current upgrades, the ship is capable of battle group support in undersea warfare (USW), anti-air warfare (AAW), and surface warfare (SUW). To aid in her mission, she carries two SH-60B Anti-Submarine Helicopters, the SQS-56 Sonar, and SQR-19 Towed Array. To protect against air and surface threats, CURTS is armed with the Otto-Melara 76mm gun. For close-in defense, CURTS carries the Vulcan Phalanx 20mm Close-In Weapons System (CIWS).

2. Organizational Structure. CURTS was home ported in San Diego, California, throughout 2004 and she deployed 02 August in support of Counter-Drug Operations. Her immediate superior in the chain of command is Commander, Destroyer Squadron ONE.
