Samuel Storer,	Portland, Me.	271 61	[These balances having been transferred from the book of the Accountant of the Navy to the books of the Register of the Treasury, previous to the establishment of this office, their final result can only be known by a reference to the Register's Office.]
John Beckman,	New York, N. Y.	30	
Theodorick Armistead,	Norfolk, Va.	941,217 86	
John H. Fawn,	Do.	161,483 93	
Nath. Ingraham & Son,	Charleston, S. C.	21,649 95	
John Stricker,	Baltimore,	50	
John Bullers,	New York, N. Y.	560,141 94	

To this balance of	\$560,141 94
Must be added this sum credited by him in his accounts on file in this office, under examination received for the sale of the United States' brig Tom Bowline,	6,388 00
From which amount is to be deducted his expenditures from 1st January to 30th June, 1818, as appears by his accounts on file in this office,	566,529 94 268,458 37
Leaving a balance against him of	\$298,071 57

As no account of his expenditures from 1st July 1818, to the day of his death, (the latter end of September following,) has been received, the actual balance against him cannot be ascertained. His expenditures for that period, judging from those of the two preceding quarters, will probably amount to about \$130,000, to which may be added the last remittance made him of \$40,000, and by him received a few hours previous to his death; no part of which, it is presumed, has been expended. By a regulation of the Treasury Department, adopted the 21st November, 1817, the agents were required to transmit their accounts, for settlement, quarterly. This regulation has been generally complied with by the agents since that period.
