In Memoriam

PRESIDENT ROOSEVELT
MOANALUA RIDGE

O-in-C Message

BEING the skipper of the 23rd CB's has been the grandest and proudest experience in my life. To each and every one of you men who toiled and made the 23rd such an outstanding unit, my grateful thanks. It has been a privilege to serve with you. Long after the unit has been decommissioned and we are separated to the four winds, it will still live in our hearts and our memories. To all of you, from here on, a successful cruise and safe harborage.

Paul V. McHenry

Executive Officer's Message

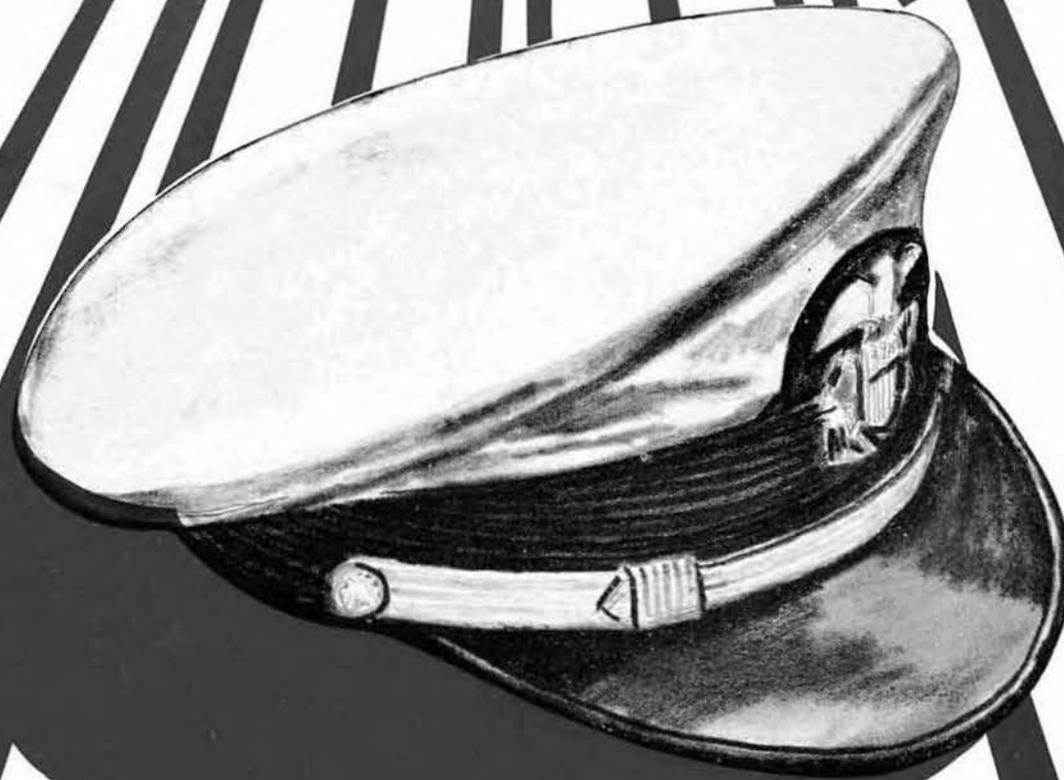

I wish to acknowledge to all of the men who are now or ever have been attached to the 23rd CB's the privilege that has been mine in being a part of your organization since its commissioning. I am proud to have been associated with you for the past three years. I will always cherish many experiences and the many fine friendships which grew out of this association. Whatever recognition has come to the 23rd CB's in the past, or which may come to it in the future, is the direct result of the fine spirit of loyalty, cooperation, skill and hard work displayed by the unit as a whole, and not the result of the effort of any individual. Your contribution to the Allied Victory was outstanding throughout the Aleutians and on Guam. Your performance record speaks for itself.

Russell C. Fye

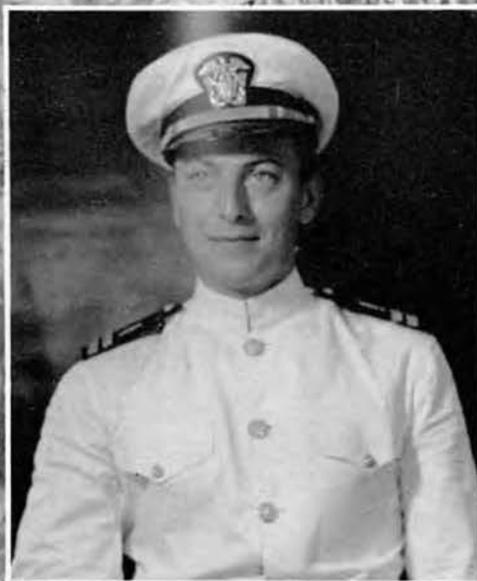

OFFICERS

OFFICERS

Lawrence J. Keenan, Lieut. M. C. USNR
M.D., Marquette University
Senior Medical Officer
Battalion Censor

Robert J. Lagorio, Lieut. D.C. USNR
D.D.S., Loyola University
Junior Dental Officer
Athletic Director

HISTORY AND PICTORIAL

The Twenty-third U. S. Naval Construction Battalion was commissioned on 4 Sept. 1942 at N.C.T.C. Norfolk, Va. On 5 Sept. 1942, the Battalion left for Davisville for advance training and then to Port Hueneme, and on 2 Nov. 1942 the 23rd left Seattle for Kodiak, Alaska.

After fourteen months in the Aleutians, the 23rd N. C. B. arrived at Camp Parks for a leave and reorganization. On 20 June, 1944, the Battalion left for Port Hueneme and after a month of training and packing at Hueneme we boarded the S.S. Cape Nedic for the first leg of our overseas tour.

PEARL HARBOR

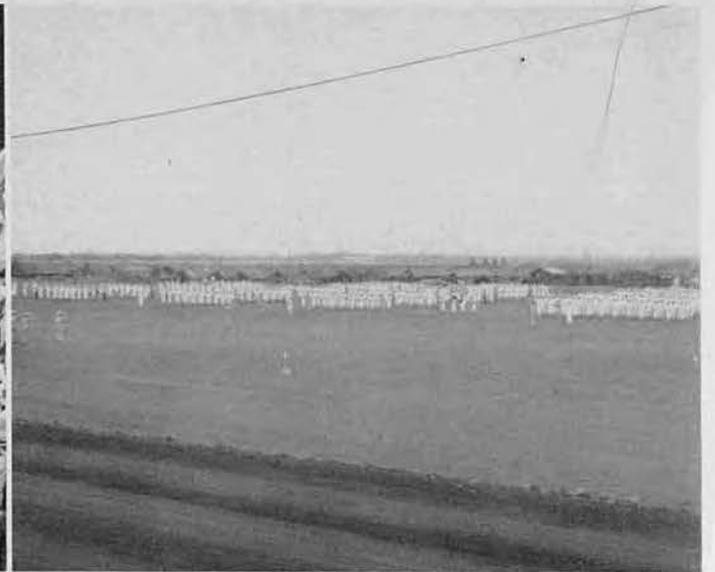

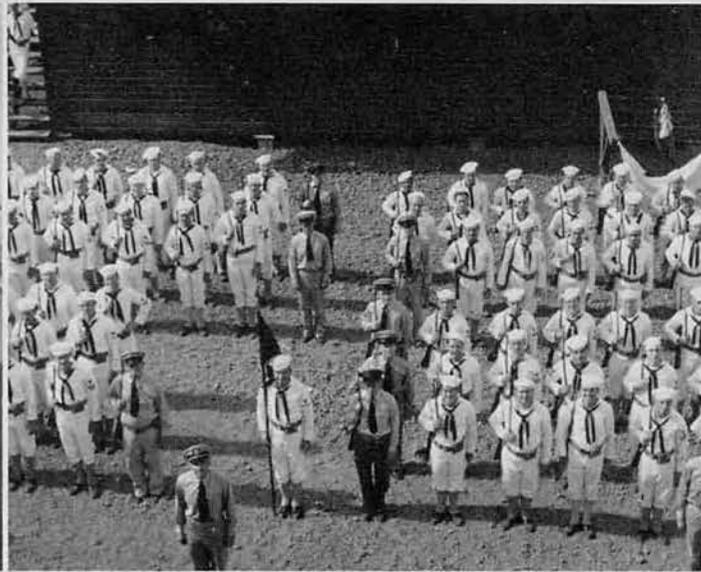

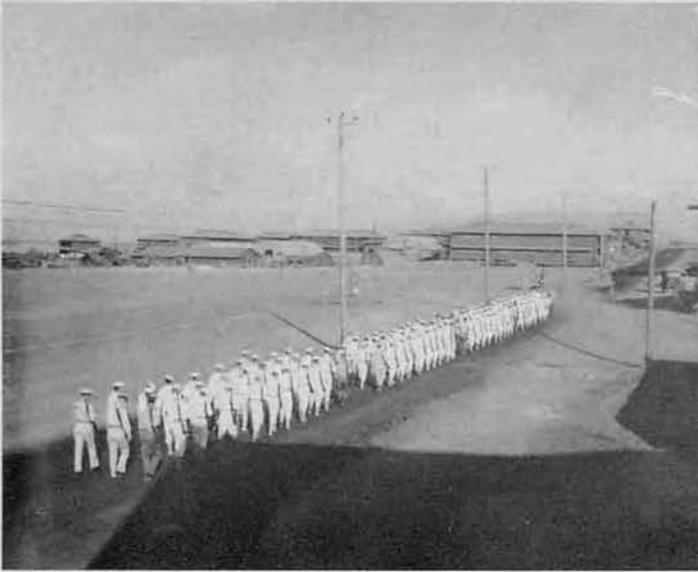

Life aboard the Cape Nedic was pleasant, but crowded and monotonous—music, reading and cards helped to pass the

BATTALION HISTORY

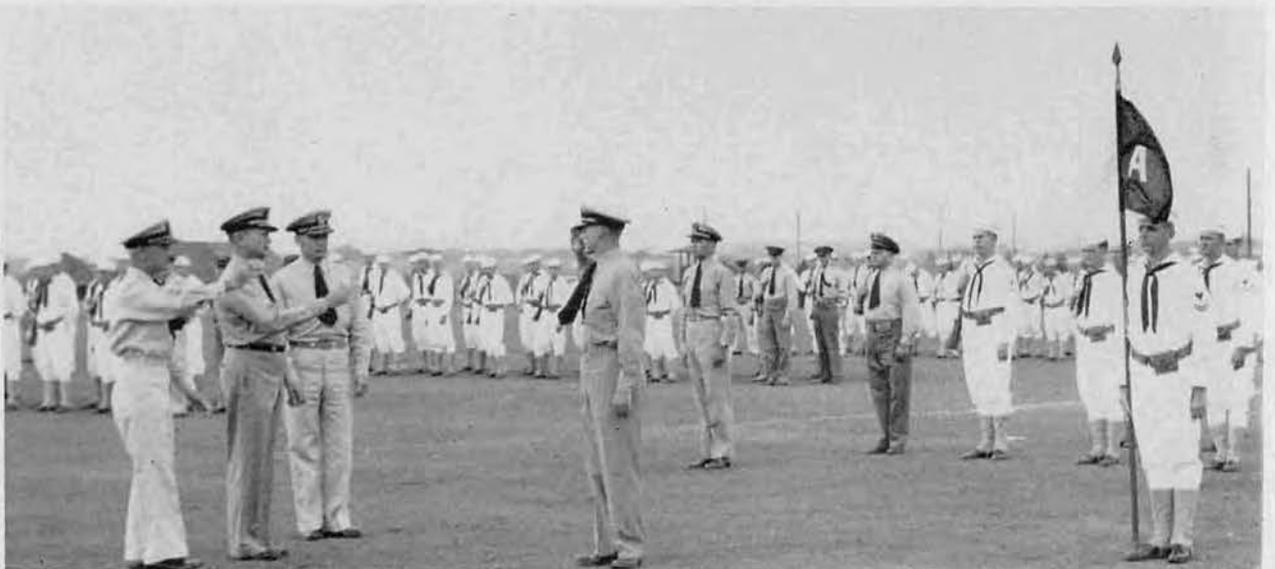

time aboard ship. - - And after seven days we arrived at Pearl Harbor - - - Moanalua Ridge.

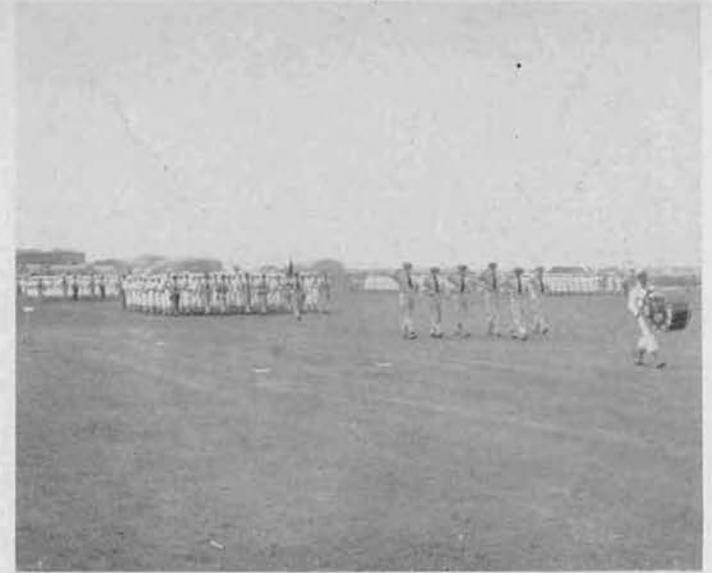

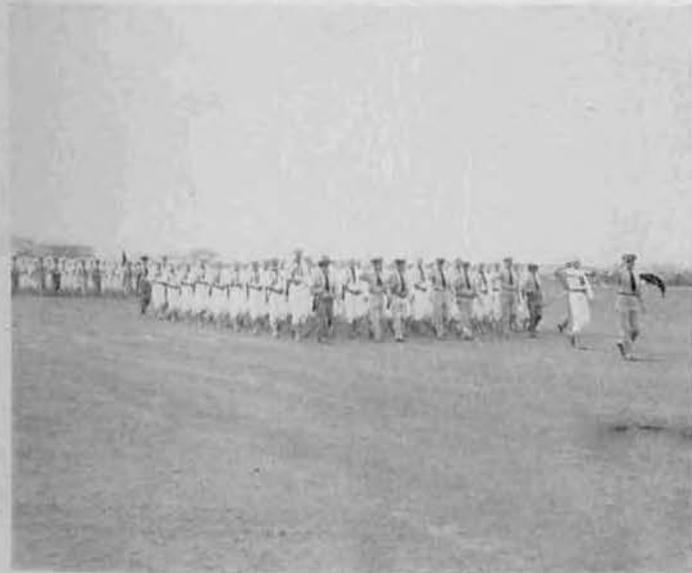

Most of the time at Moanalua Ridge was spent in military training. This training was climaxed by an inspection and

review by Rear Admiral Cotter, Director Pacific Division Bureau Yards and Docks.

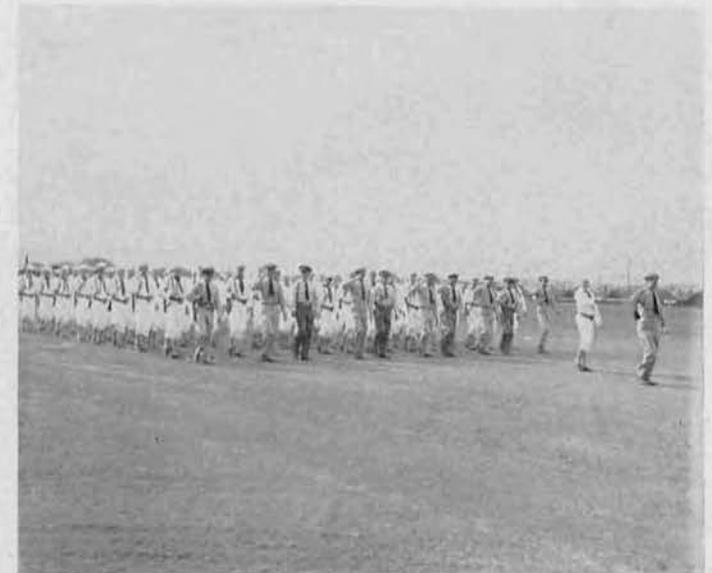

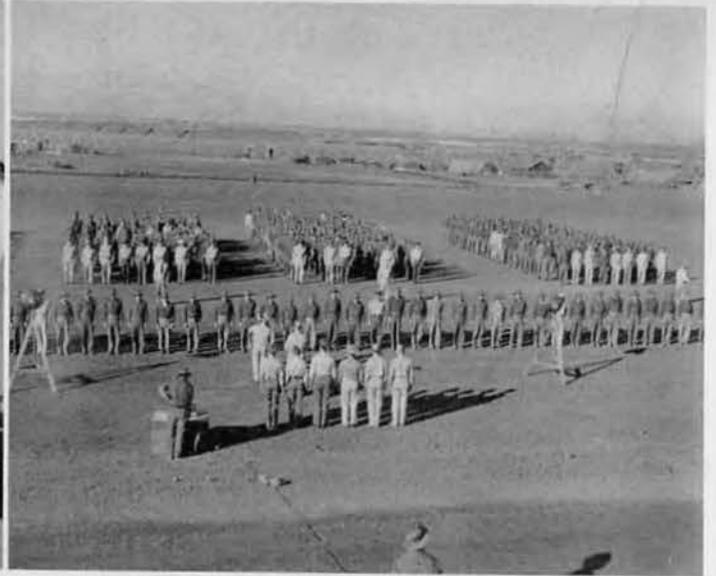

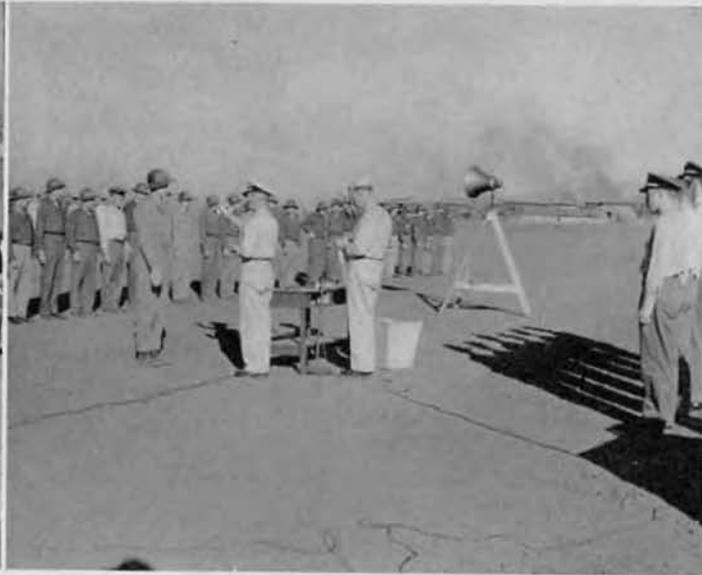

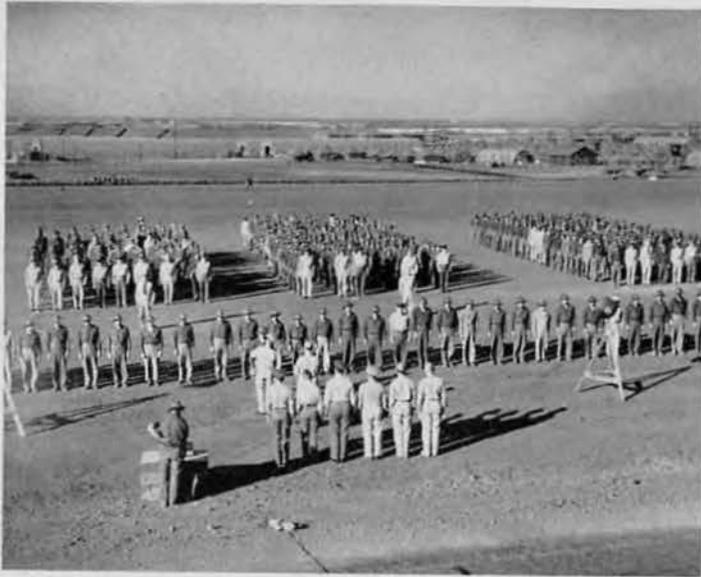

The review was led by the 135th N.C.B. band, followed by Commander MacHenry and his

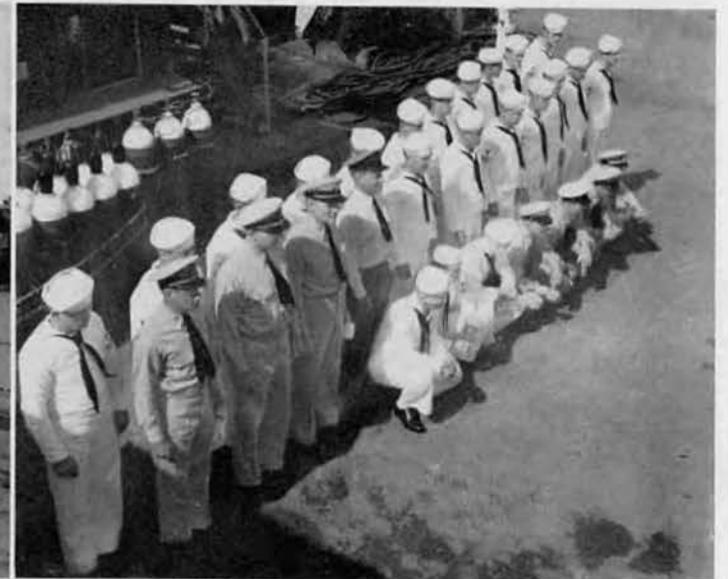

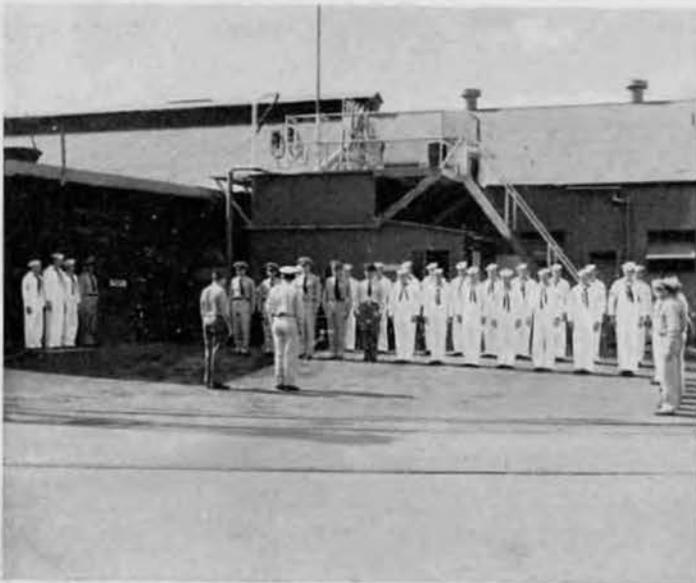

staff—The Battalion formed in company mass as it passed the reviewing stand.

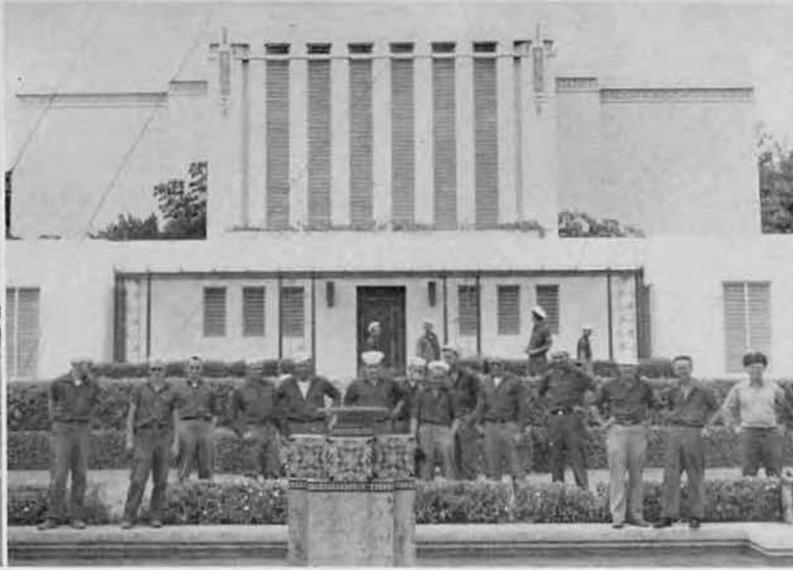

Firing on the rifle range was part of the training and Expert Rifleman Medals were awarded to those who qualified.

Diving was another part of the program and those who qualified were given their certificate of qualification.

Our stay at Moanalua Ridge was not all military training. There were entertainment, picnics, sightseeing tours

around the Island, plenty of sports such as baseball and swimming and there was some work that had to be done.

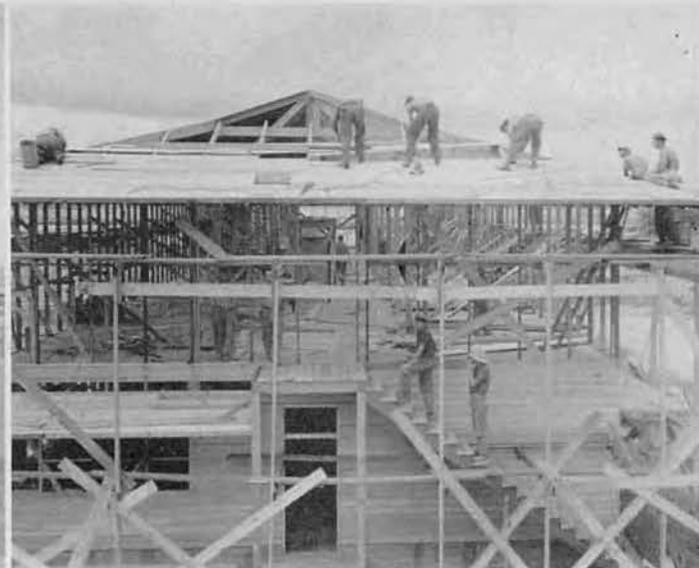

Our biggest construction job while at Pearl Harbor was the construction of a camp at Waipio Point for Amphibious

Forces Personnel. The first problem was to clear the area of the sugar cane.

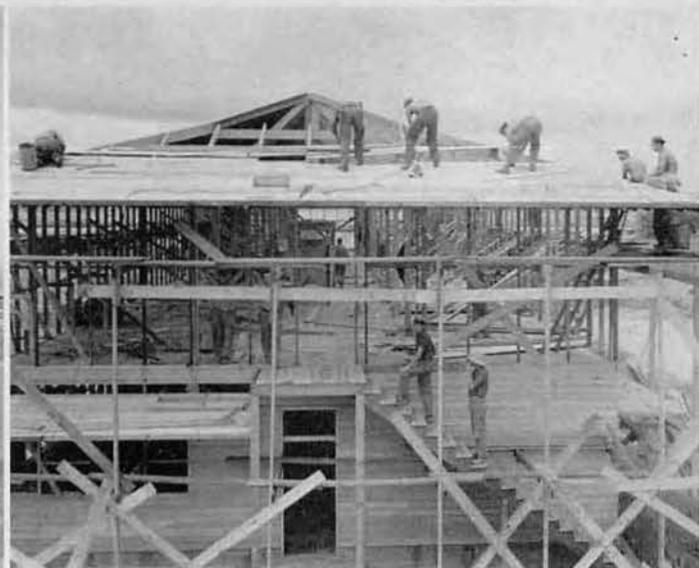

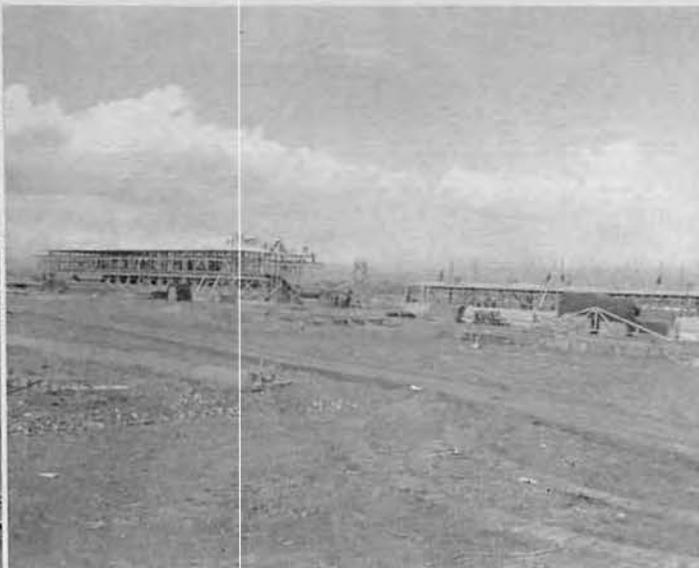

The biggest job was the building of the double decked barracks; each barrack was to hold 250 men.

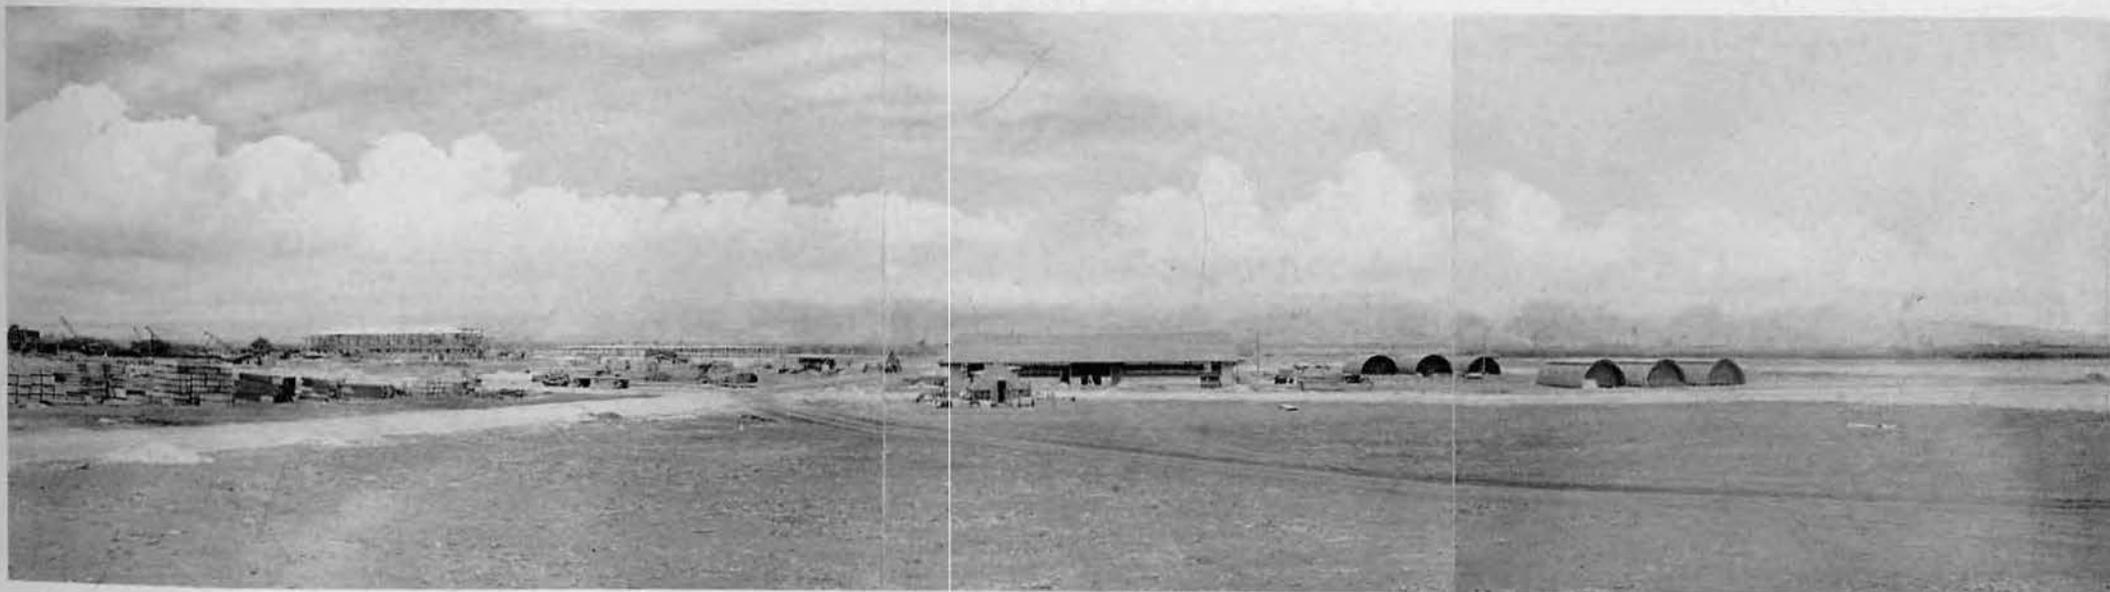

The camp contained Quonset hut galleys, and other buildings as well as sewer, water, electrical distribution and drainage of the area.

The biggest job was the building of the double decked barracks; each barrack was to hold 250 men.

The camp contained Quonset hut galleys, and other buildings as well as sewer, water, electrical distribution and drainage of the area.

S. S. GEORGE FLAVEL

BATTALION HISTORY

The Battalion packed up in short notice and on 16 Oct., 1944, we marched down to the docks at

Pearl Harbor and boarded the S. S. George Flavel for the next leg.

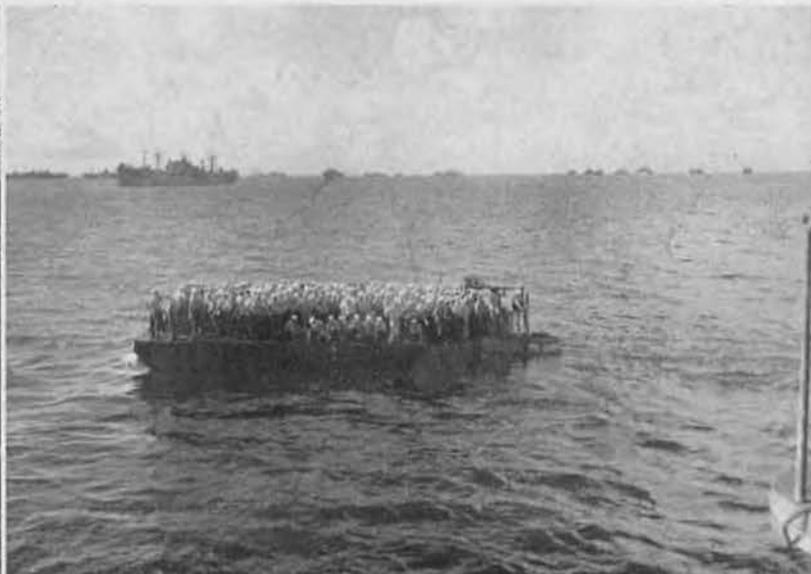

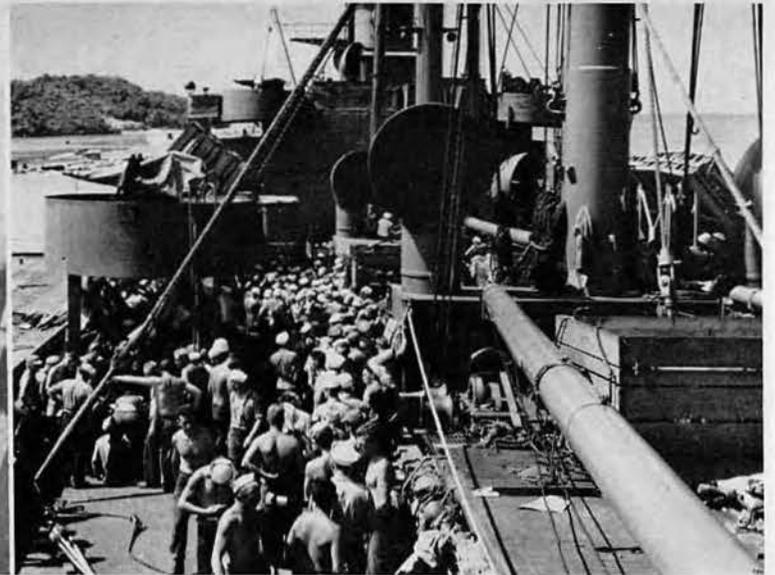

The 37 days aboard the Flavel is something that will be remembered by everyone for a long time. Showers when it

rained, if it rained. Church services on number 4 hatch.

We did get liberty at Eniwetok and that was something.

Then we came into sight of Guam which was to be our new home. Commander MacHenry comes aboard to greet us—

and then we start the long unloading process into the LCT's.

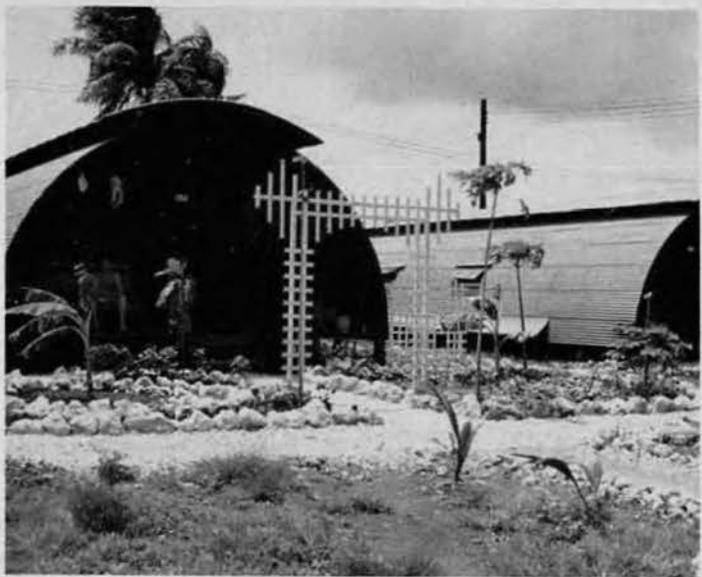

Our first concern upon arriving at Guam was for a place in which to live—so a pup tent bivouac area was quickly set

up; this included temporary showers, galley and a movie area.

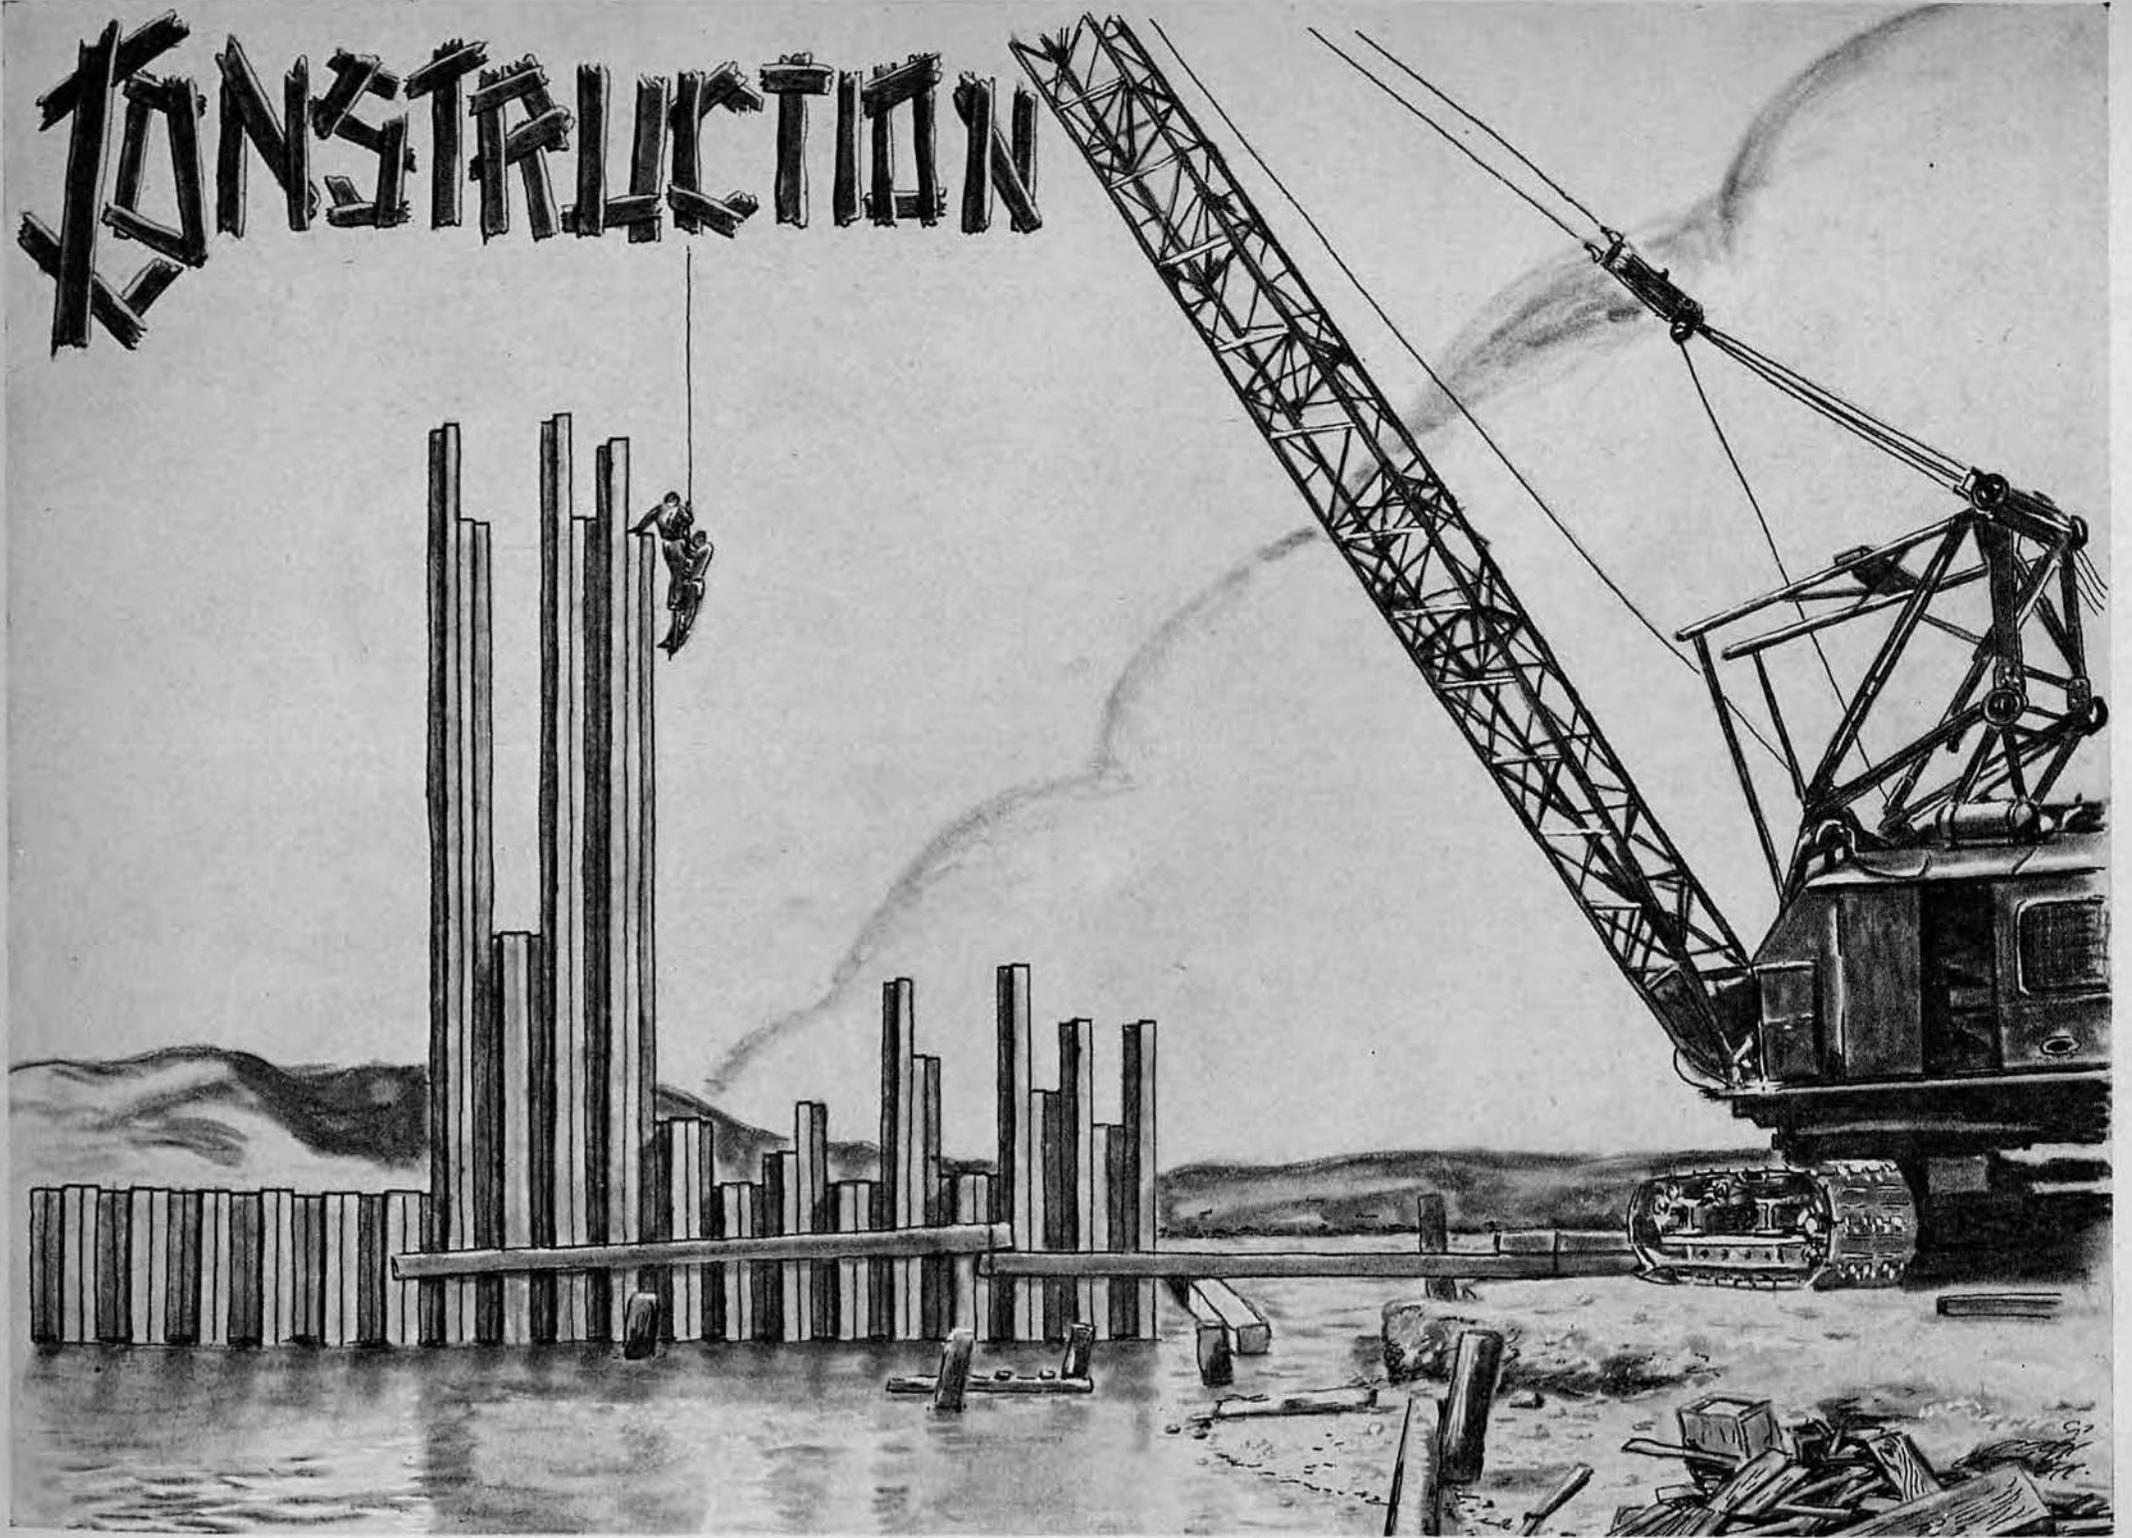

Our permanent camp quickly grew out of the surrounding jungle. And we soon had the best camp on the entire

Island of Guam. But then our troubles really began as we started - - -

CONSTRUCTION

INNER HARBOR

CONSTRUCTION

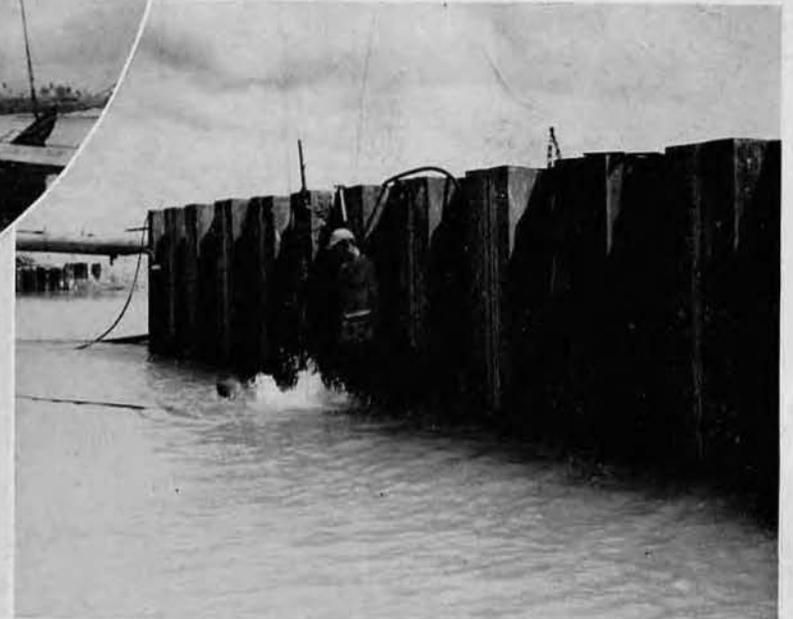

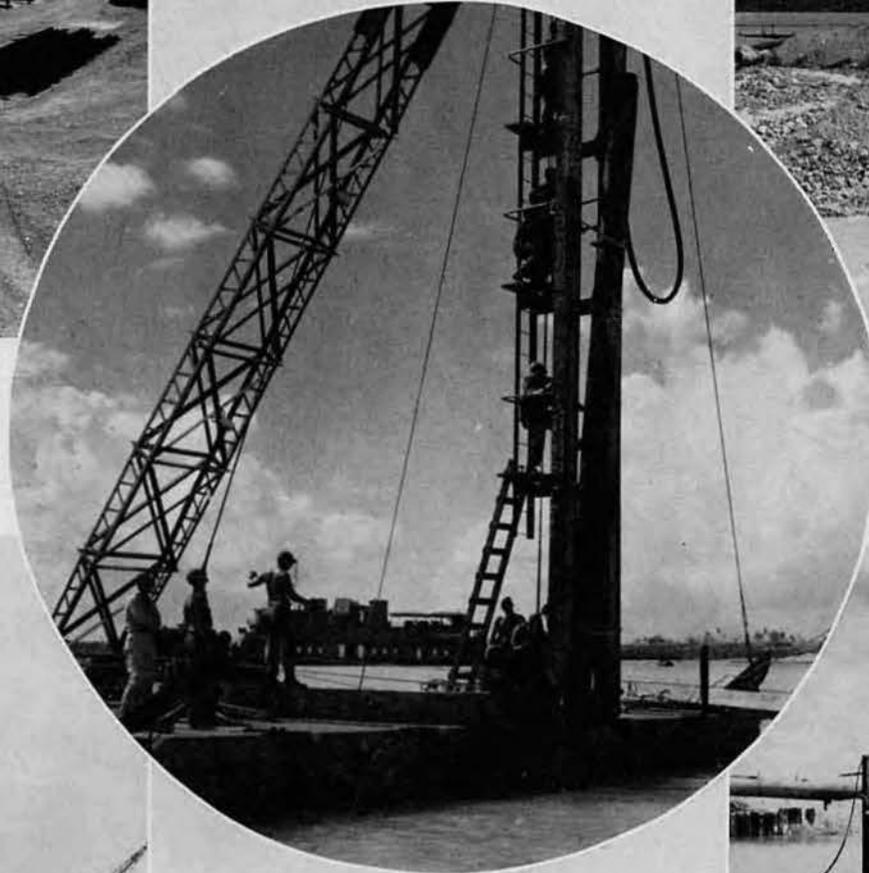

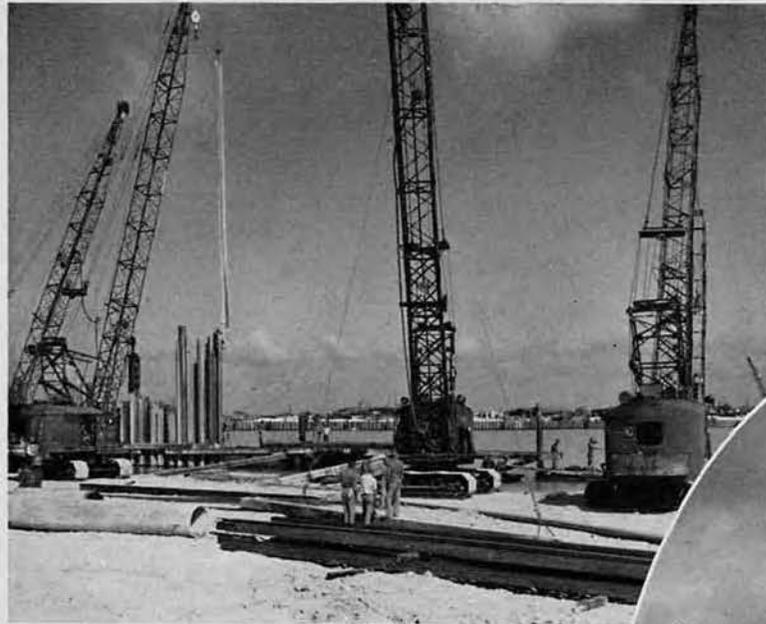

Our work on Guam was twofold — One, waterfront work, and two, building construction. Our waterfront work was the

development of the Inner Harbor. We followed right behind the dredges with the false work.

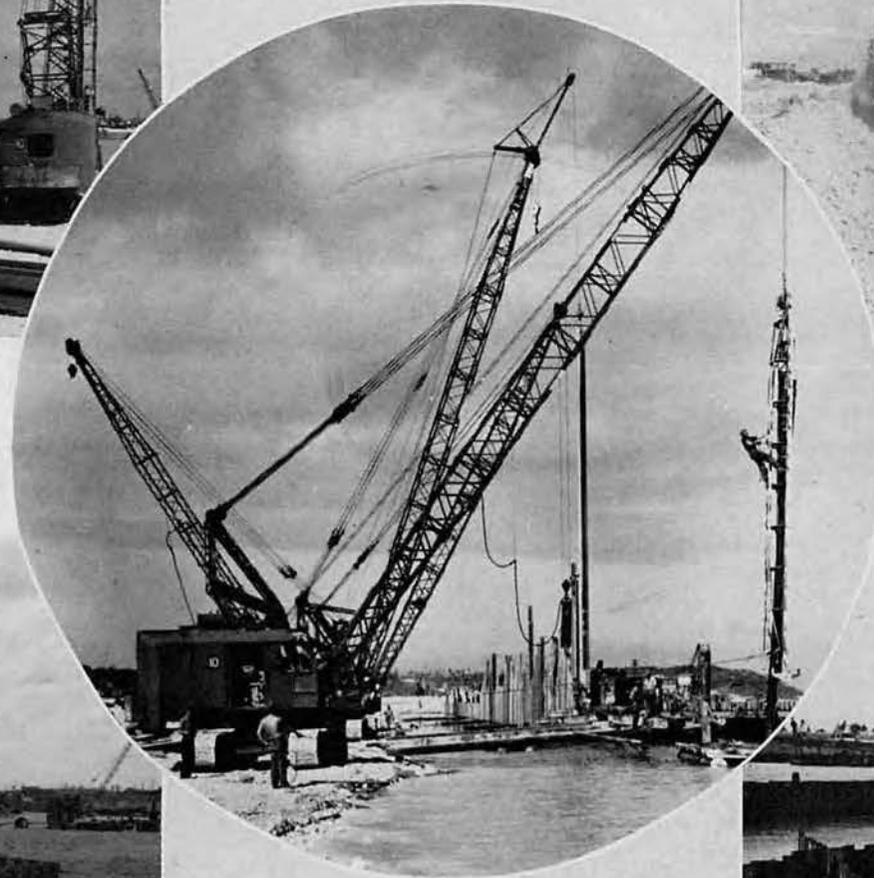

Then came the sheet steel by the mile and the claming out for the back wall. The

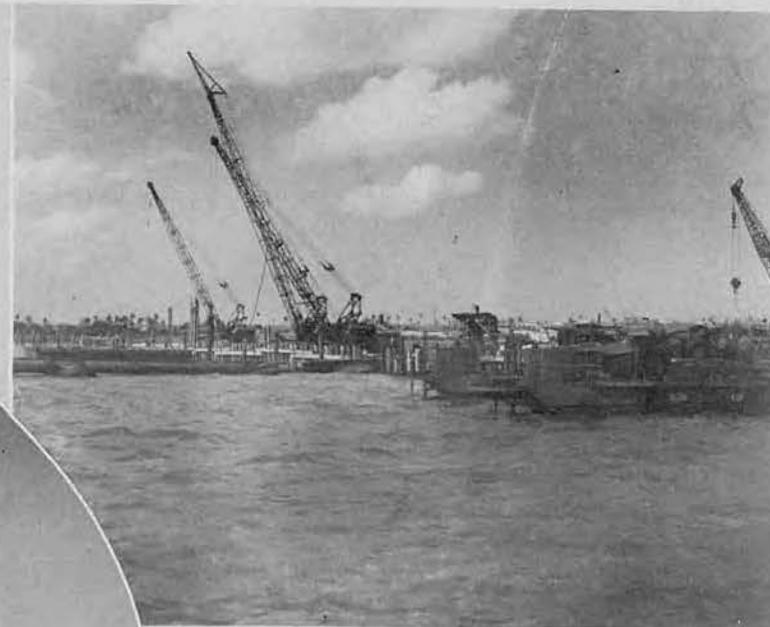

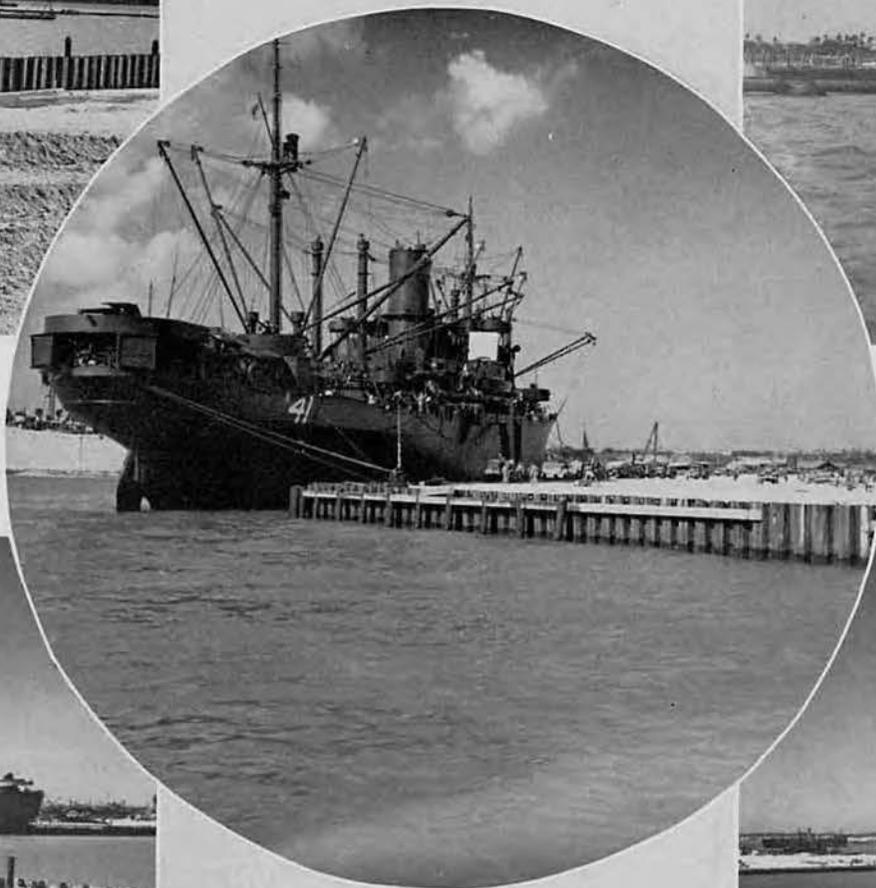

back wall had to be driven—and the tie-back rods placed—

On 18 Jan. 1945 the first ship docked.
We kept right on driving and backfilling

and as time went on more and more docks
were completed.

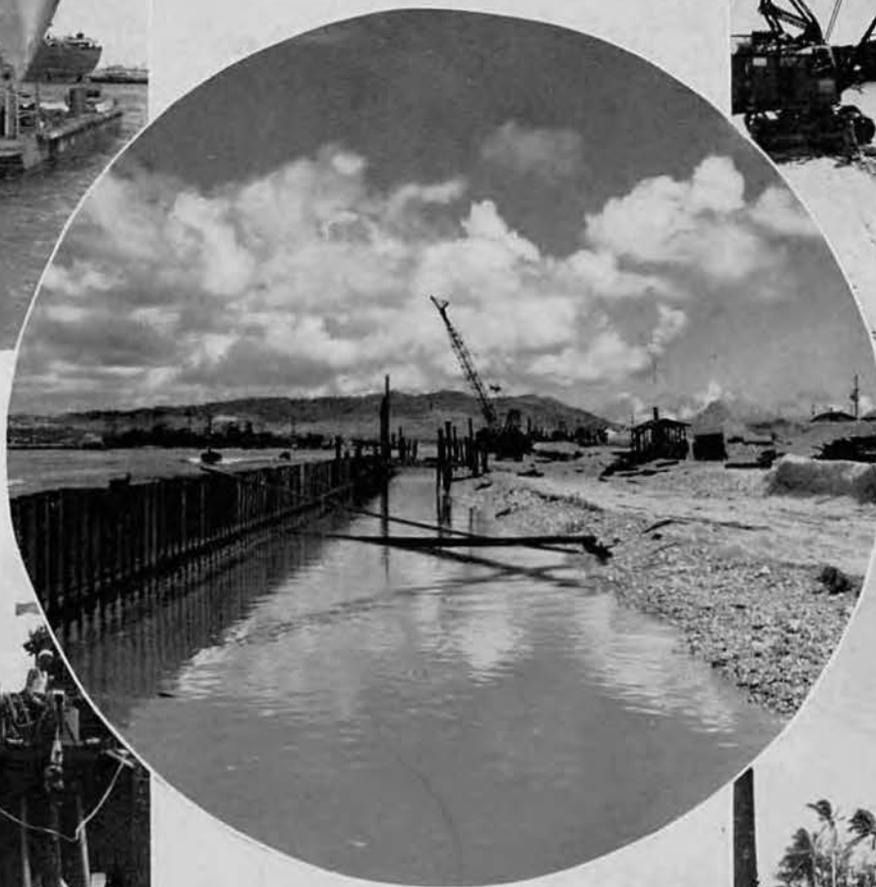

A difficult corner nearing completion—
and the fender system following right be-
hind . . .

. . . to complete the docks so that cargo
can be unloaded as needed for the Pacific
war.

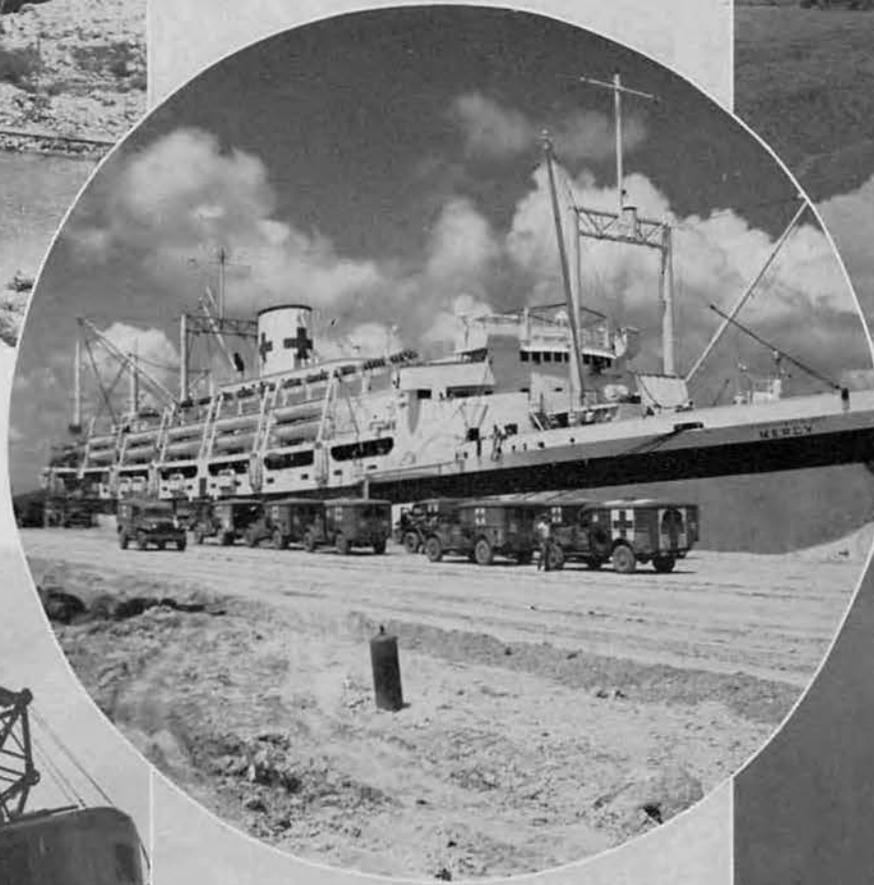

We can't forget the supply problem or the troublesome bad spots. All this led to the completed . . .

. . . project so that cargo—human and otherwise—could be loaded and unloaded as needed.

Of course there were other little jobs such as the small boat dock, the fleet landing docks and the tanker unloading berths . . .

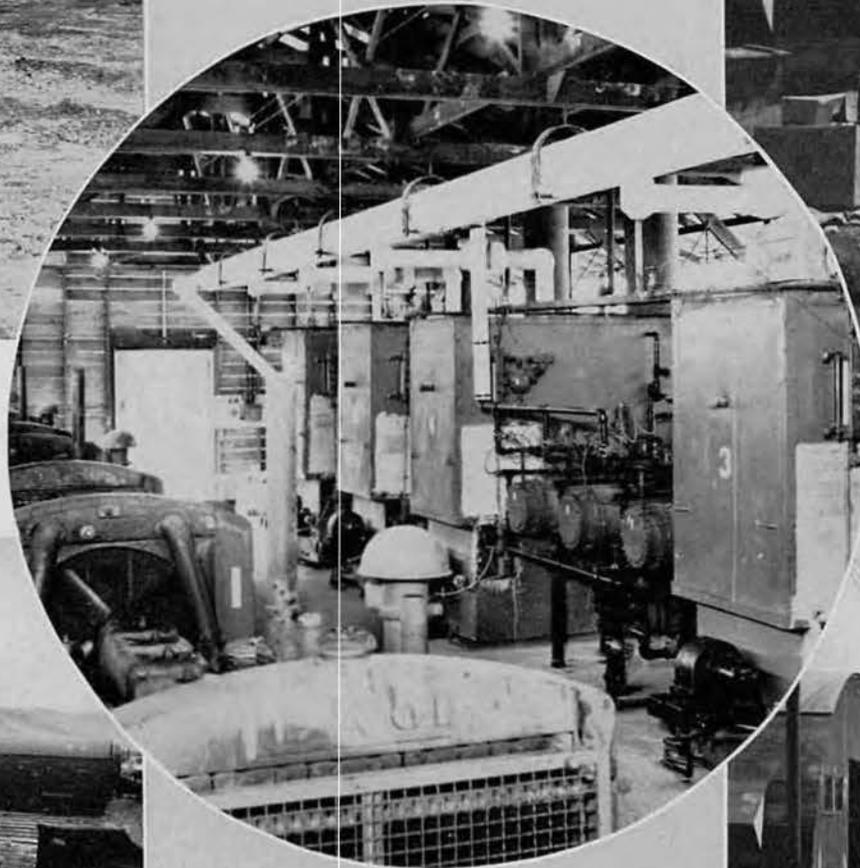

... and the submarine piers—60x600 ft. wood piers to berth two submarine tenders.

Our building work consisted of the facilities for N. A. B. Orote—as the Industrial Area for AROU No. 4, which in-

cluded approximately 40 buildings with complete facilities for the overhaul of aircraft, including air, steam, water, electric and sewer.

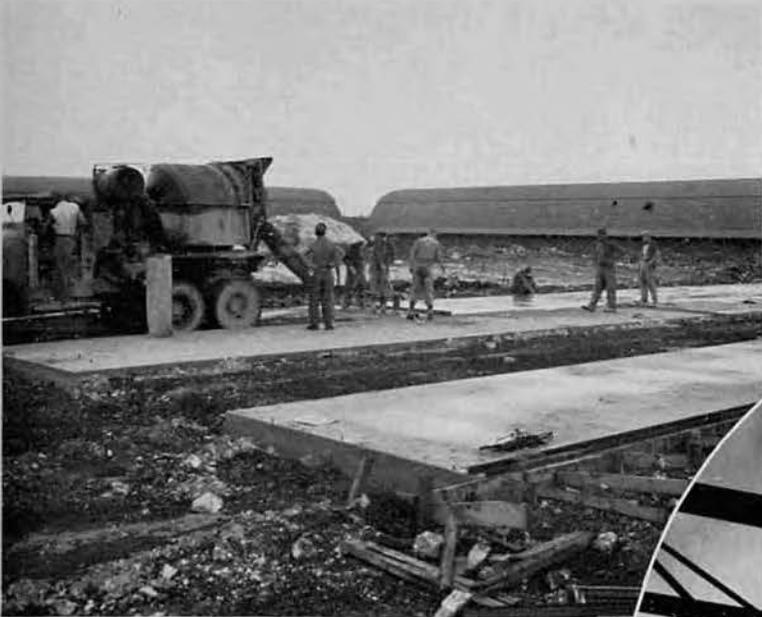

The 2000-man quonset hut camp for AROU No. 4. Lots of the camp was jungle before construction started and now . . .

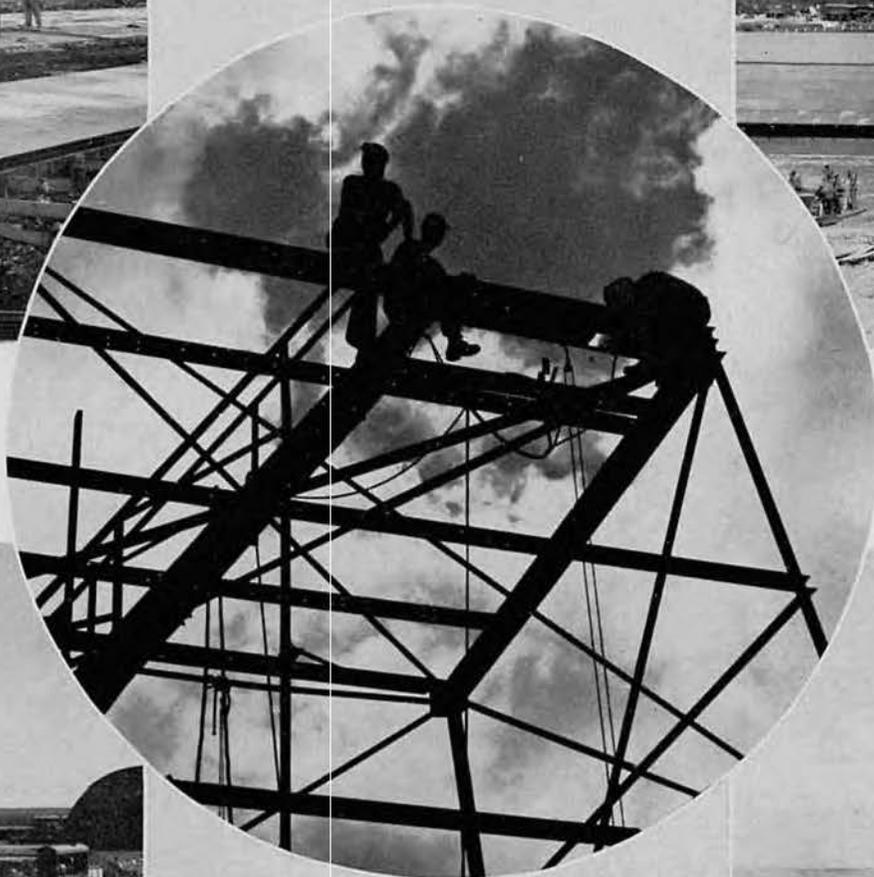

. . . there are living quarters, mess halls, theater, ships service, hospital, beer garden, chapel and officers' club.

Also under AROU No. 4's command was the Drop Tank Assembly Plant, which consists of three 40x200 quonset huts and . . .

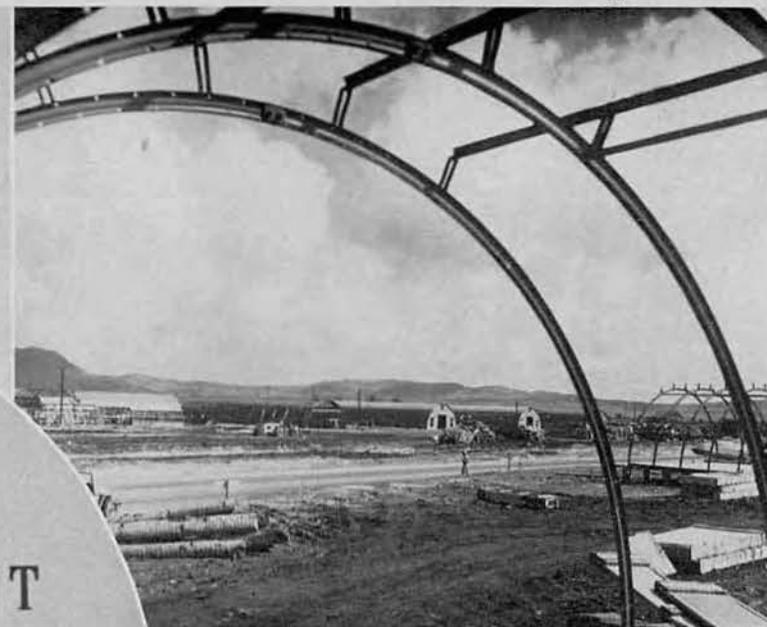

. . . the Tire Repair Plant also consisting of several large quonset huts.

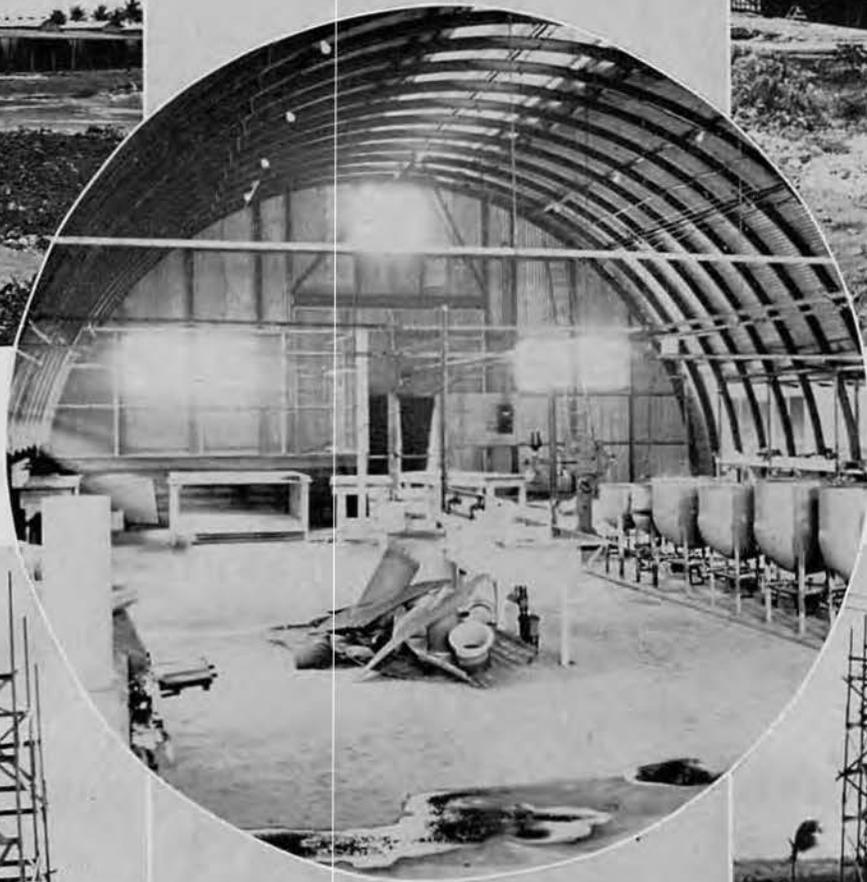

Aviation Supply Depot – Guam – consisted of 25 40x200 quonset hut warehouses and several wood . . .

. . . frame buildings, and an administration building and housing facilities.

CASU 12—First we built their 2000-man mess hall and galley . . .

. . . and also a parachute loft complete with air-conditioning, including a water recirculating unit.

Then a 2000-man camp for CASU 12. This was built around their existing tent camp. The big feature in this camp was sanitation ...

... sewer system with its wood tanks serving as a sump with a pump station for pumping to the sea over a coral ridge.

In building the camp for the N. A. B. personnel, the preparation of the site was the big job.

A 30-ft. cliff had to be blasted away, the low spots had to be filled and the whole area terraced.

One tricky spot for the carpenters and the painters was the building of the Admiral's cottage . . .

. . . a real stateside house with all the modern conveniences.

The N. A. B. personnel camp complete with three galleys and mess halls . . .

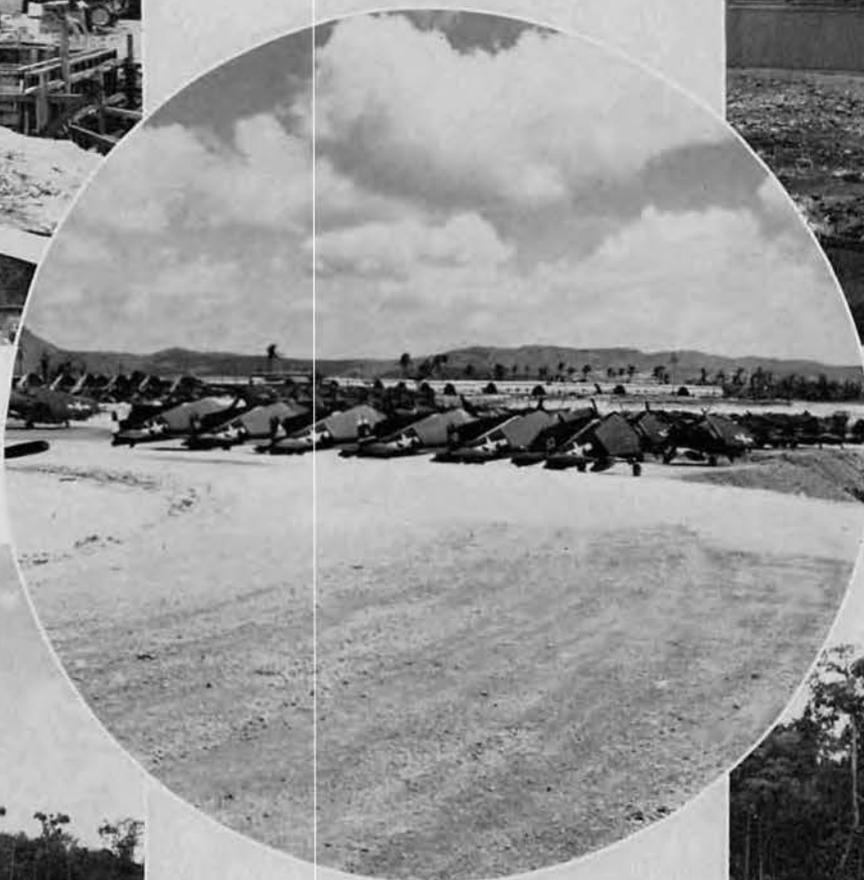

. . . and housing facilities for 1500 men and 200 officers.

Our miscellaneous construction included
—the Fleet Head, Sumay Telephone Ex-

change, Bomb Disposal Area, Additional
Hardstands for planes and the construction
and operation of the Concrete Plant.

ALOHA

WELFARE & RECREATION

EMBARKATION DANCE & SHOW

WELFARE & RECREATION

The Embarkation dance at Port Hueneme was a great success – The affair was . . .

. . . complete with variety show and bathing beauty contest – Introducing the winner.

The
WINNER

While at Oahu there were lots of organized sight-seeing trips and

swimming parties around the Island. Fishing was also very popular.

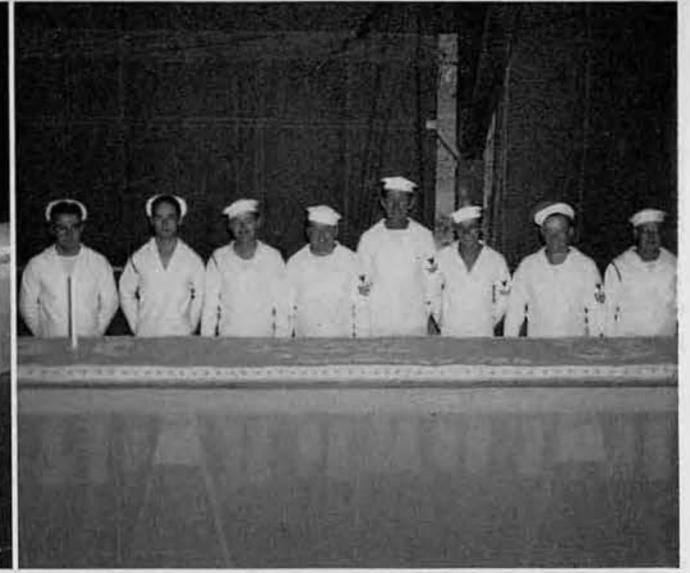

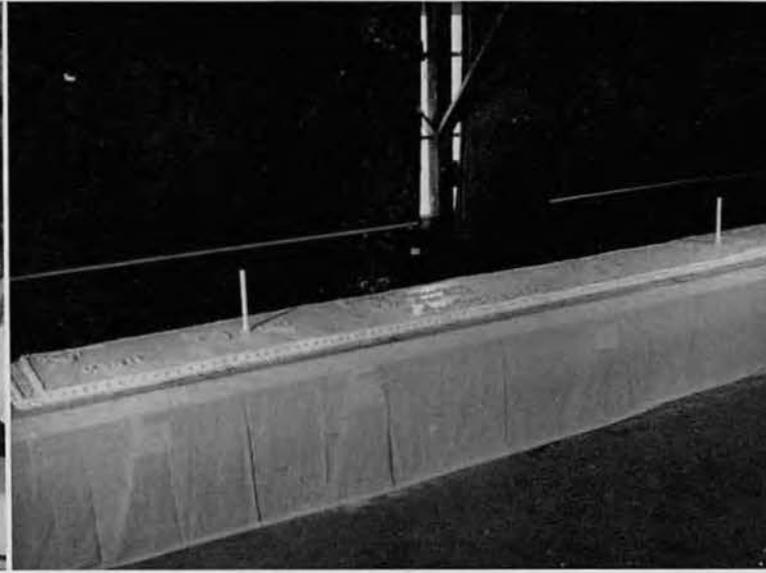

There was always lots of beer on these trips,
and coke for those who can't take it – Basking

in the sun was very popular. Sights like the
Mormon Temple interested all.

The battalion celebrated its second birthday on 4 September 1944 on Oahu with a 23-foot

cake, which was cut by the skipper, and there was lots of music.

Christmas 1944 found us on Guam. We opened up the new mess hall on that day with a party

for one hundred native children . . . and free beer for all hands.

HAWAIIAN HULA

Entertainment, Pacific Islands style . . . the
Hula as presented by the Hawaiians . . . and as

it is performed by the natives on the Island of
Guam.

CHAMORRA HULA

U. S. O. Shows and our own local talent appear on the stage of the Bob Gavin Theatre every

once in a while to entertain members of the entire battalion.

ONE YEAR OVERSEAS

WELFARE & RECREATION

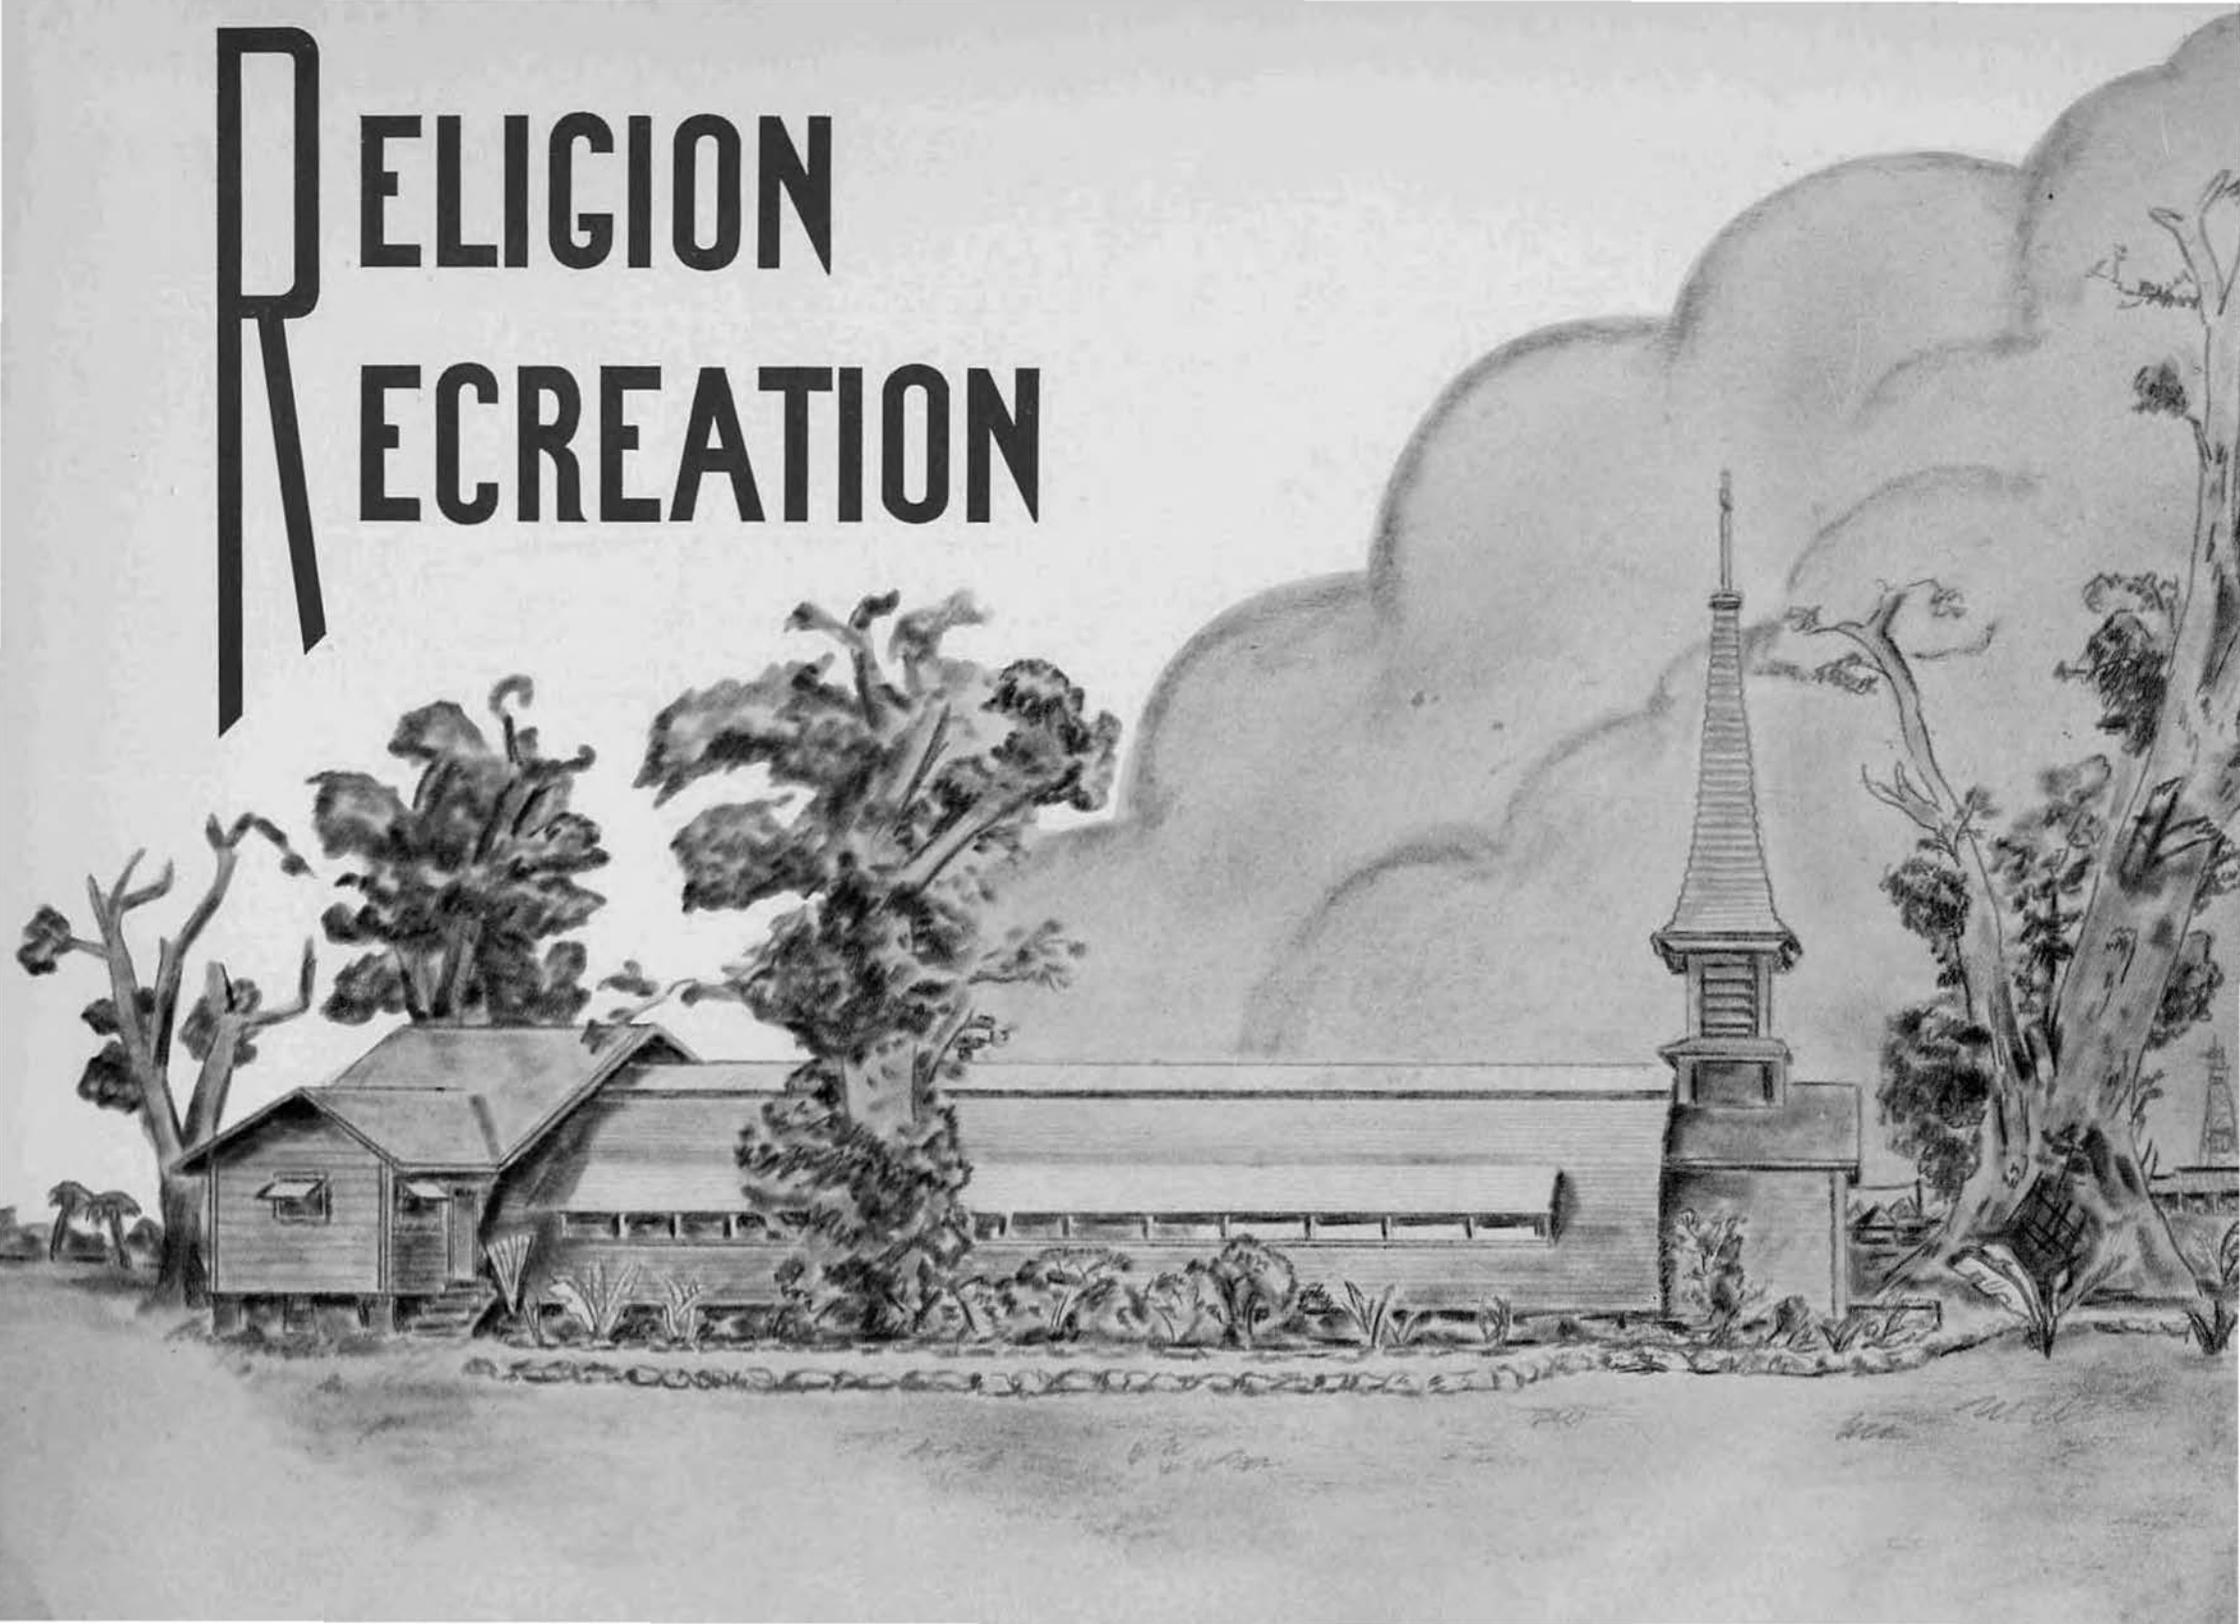

On July 19, 1945 we celebrated the first year overseas . . . with free beer for all hands and

a big dinner that was served by the officers of the battalion.

RELIGION RECREATION

Message from Chaplain LINN

Our Chapel symbolizes my message to you. It is truly "The Peoples' Church" and thus, the House of God. You planned it. You built it. And you worshiped in it. It represents the best that can come out of this war—a deeper faith in God. If your experience in the Armed Services, no matter how difficult, has drawn you closer to our Father in Heaven it has been worthwhile.

No chaplain could have enjoyed his work more than I. No chaplain was ever treated better by his men. You have given me many happy memories and I shall never forget you.

Edmund H. Linn

Message of Chaplain McMAHON

It has been a source of joy for me to have served the Catholic men of the 23rd Battalion on Guam. Beginning on Easter Sunday, 1945—when the chapel was dedicated—I have been edified by the splendid turn-outs for Holy Mass and the sacraments.

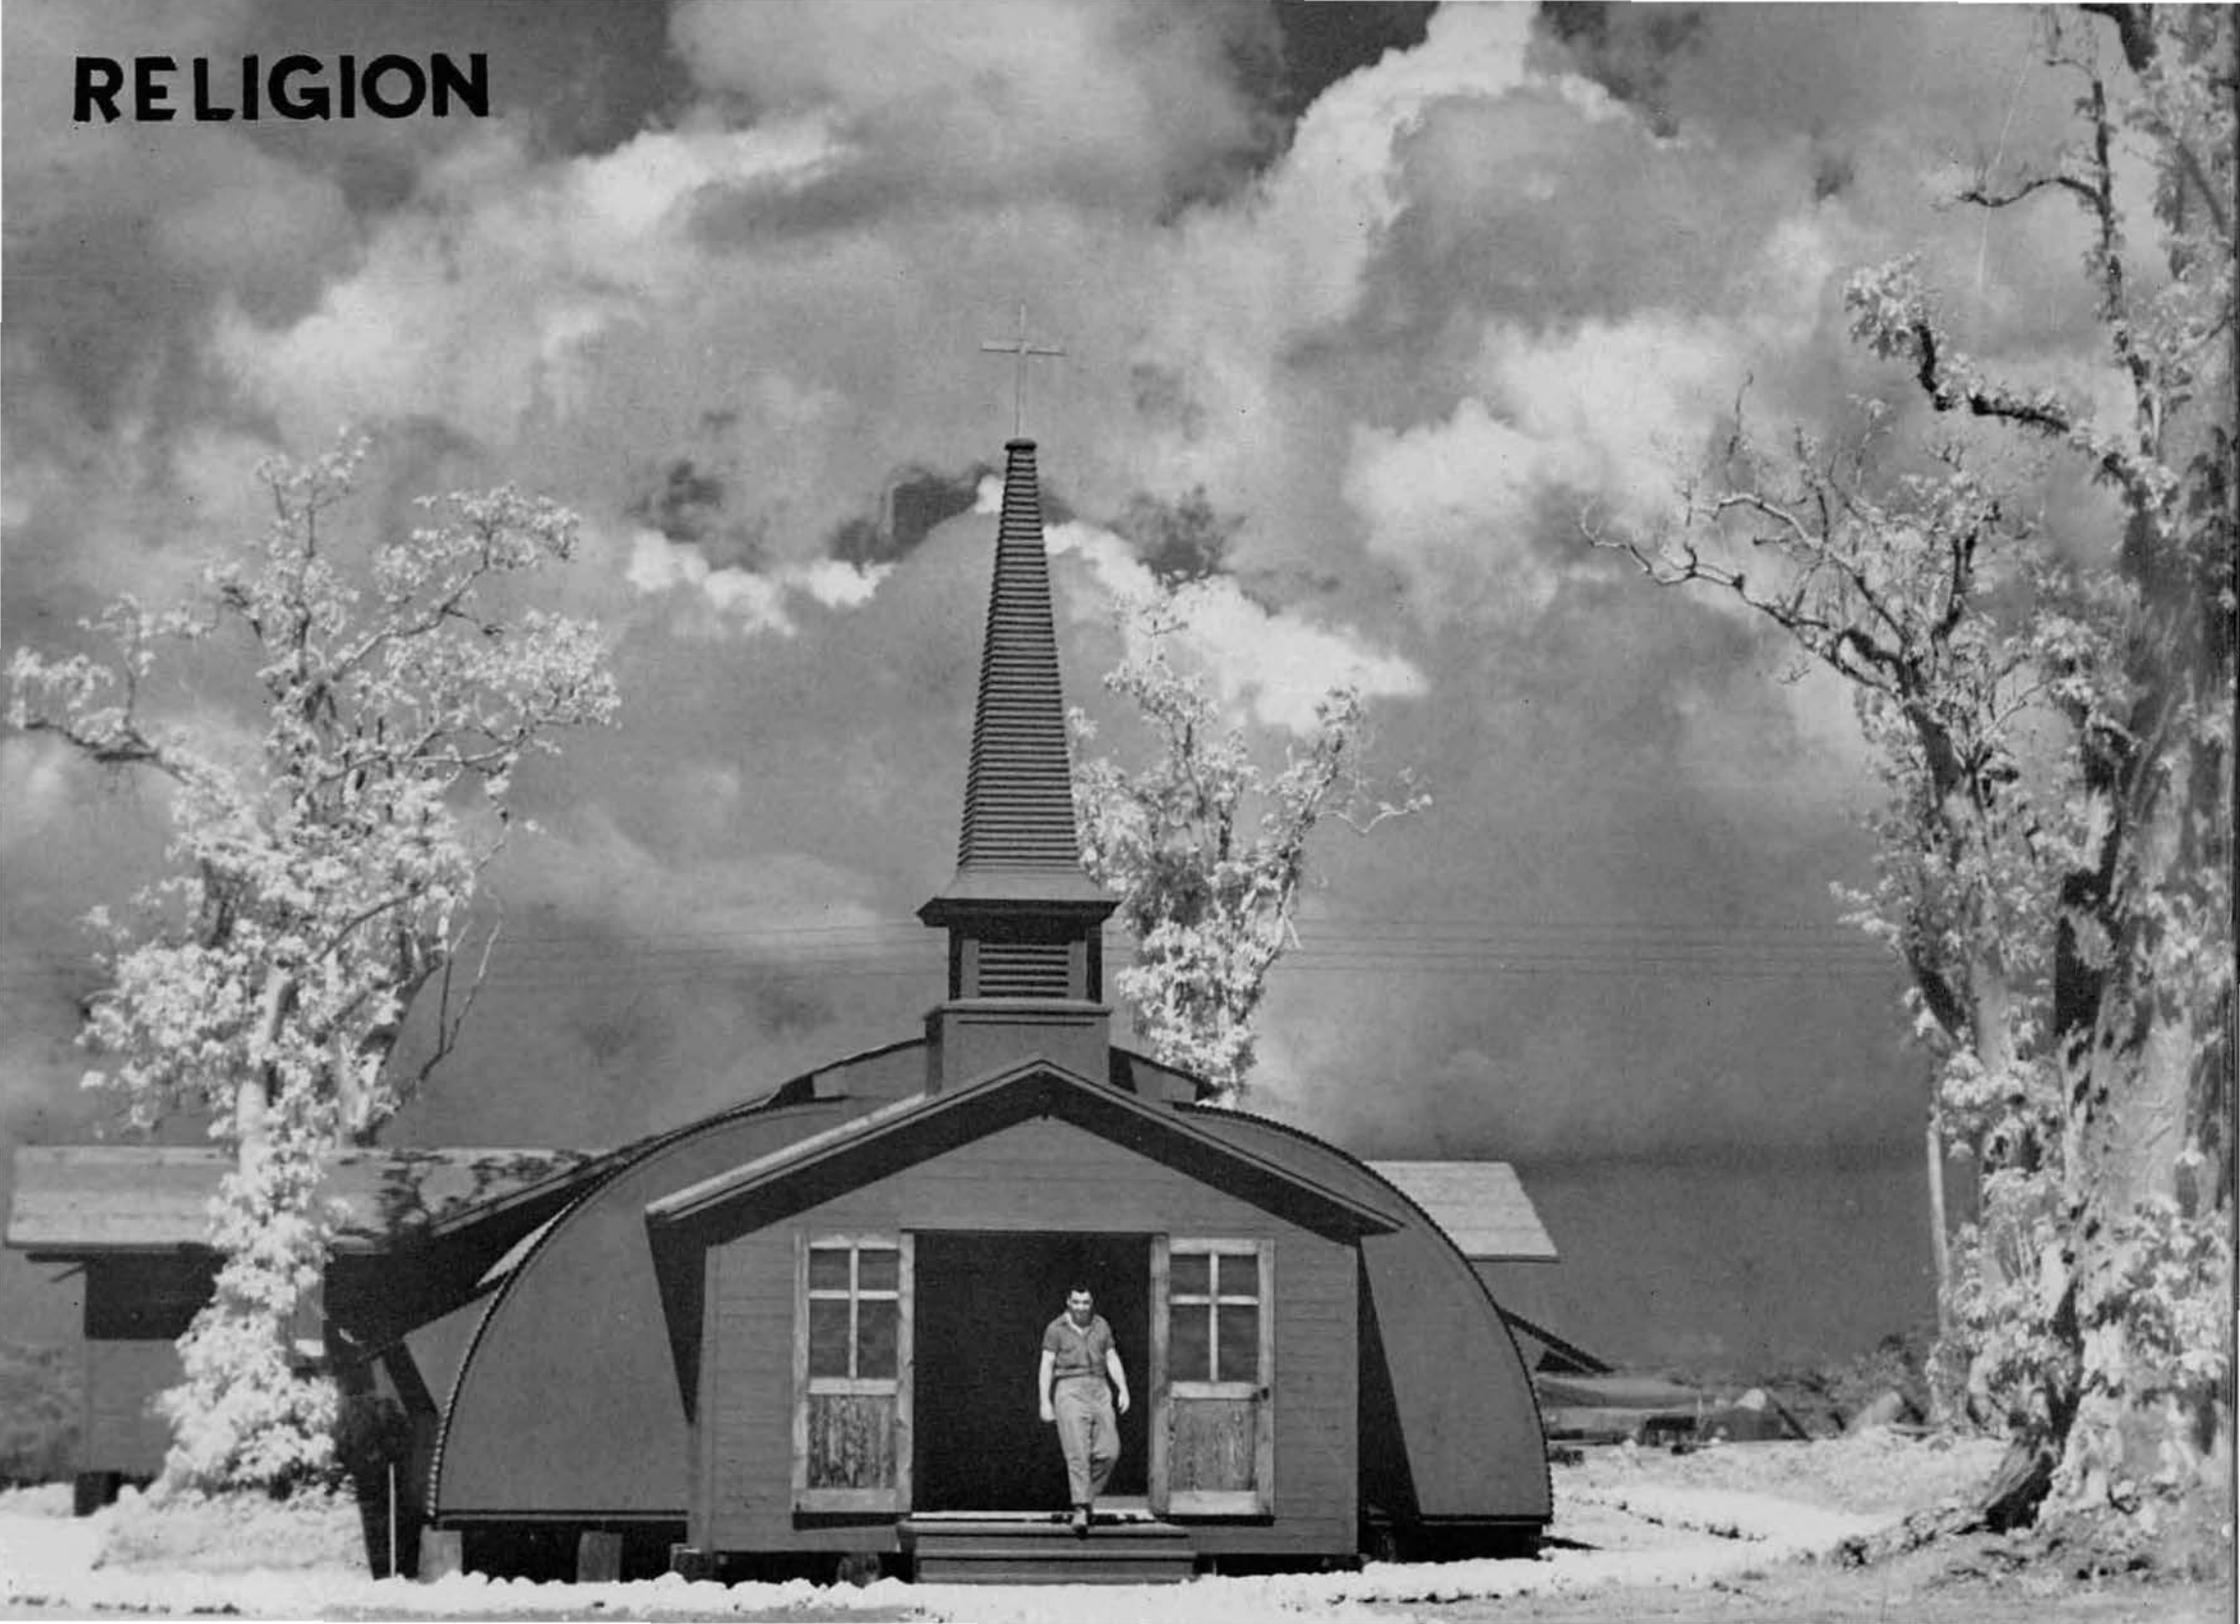

May you always be as faithful to your religious duties at home as you were on Guam. And may the blessing of Almighty God, Father, Son, and Holy Ghost, descend upon you and remain with you forever.

Thomas G. McMahon

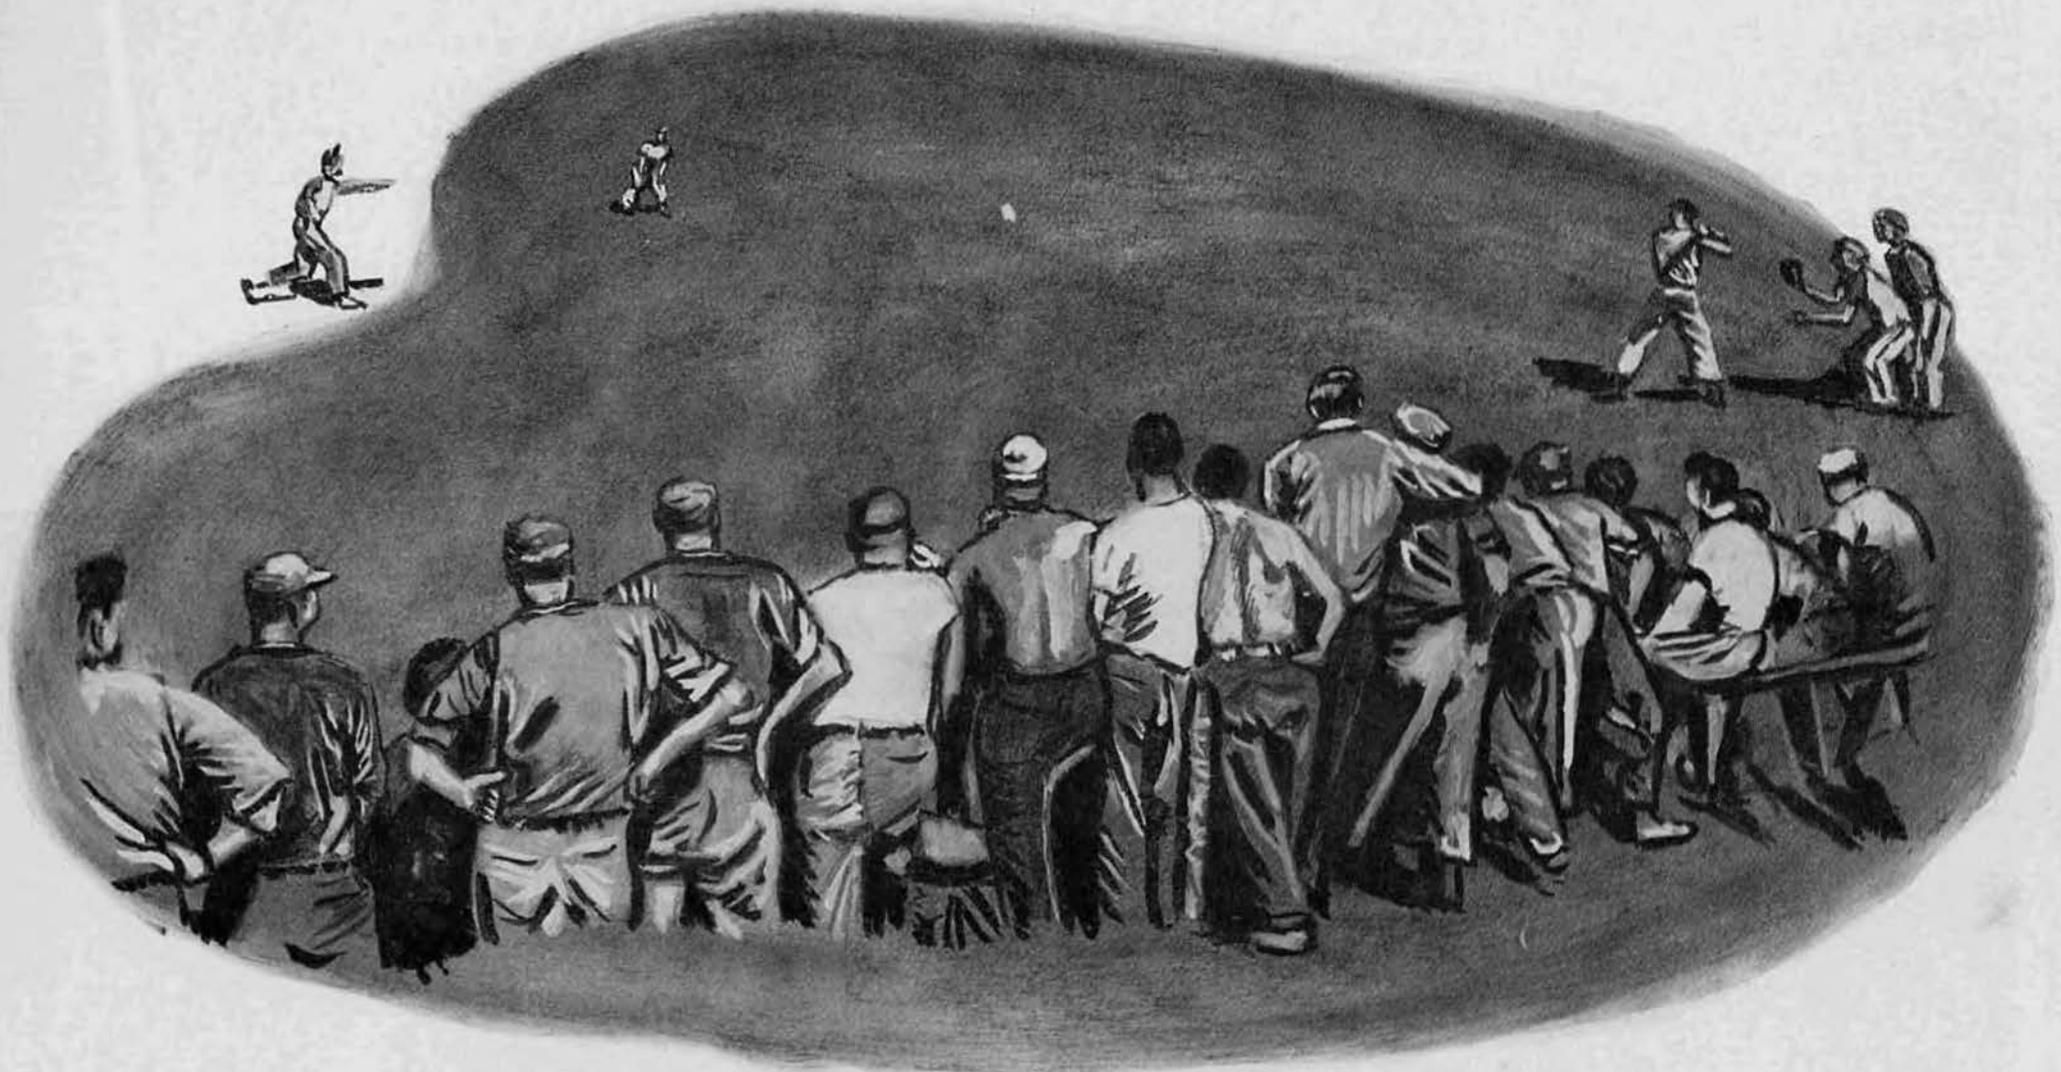

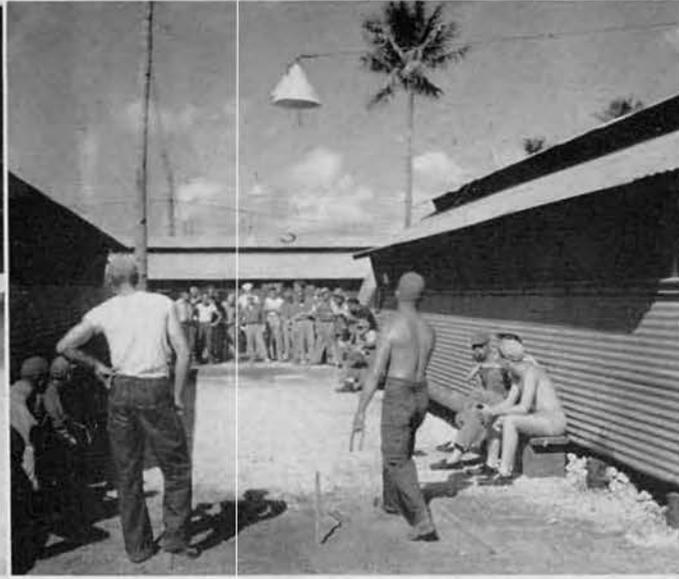

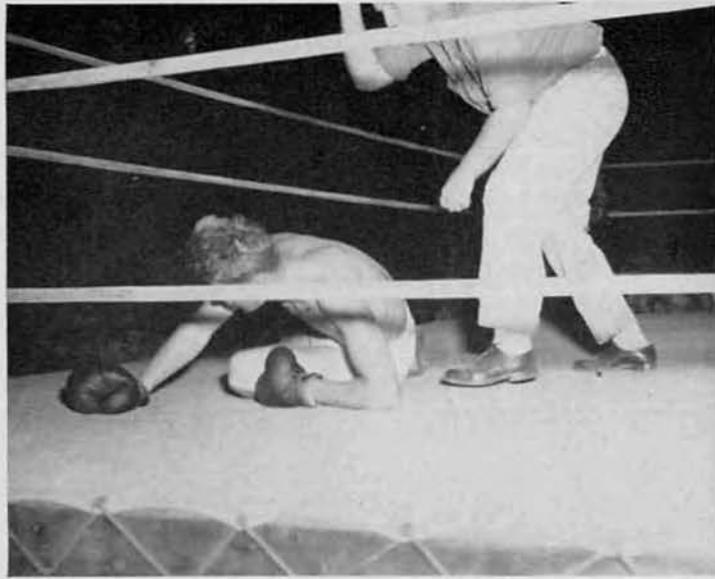

The Chaplain's duties are many and varied—Sunday church service, burial service, baptisms, singing in the choir and personal problems.

RELIGION

SPORTS

Sports were not neglected. There were several boxing and wrestling matches, volley ball and horseshoe

pitching became very popular with an entry in the Island Command Tournament.

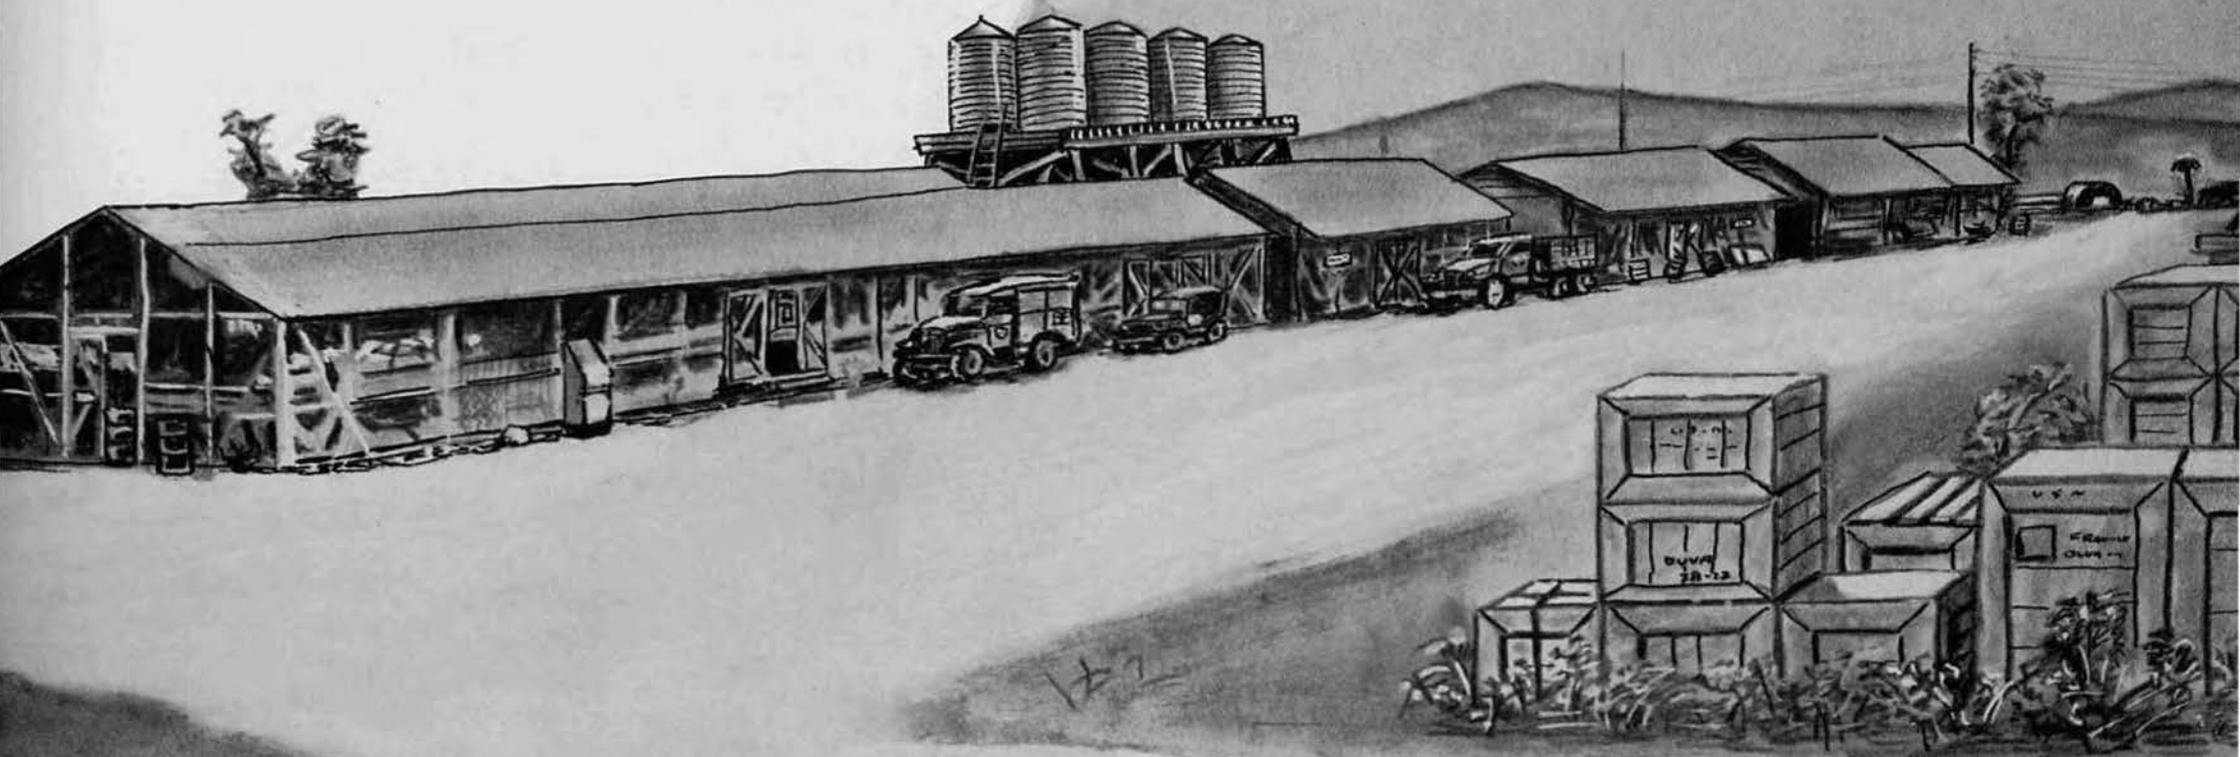

Soft ball and baseball are right up there. The Snug Tug team has

been doing very well since it was formed back in Pearl Harbor.

AREA ACTIVITIES

TEMPORARY CAMP

AREA ACTIVITIES

The Twenty-Third Battalion arrived on Guam and quickly set up a temporary camp complete with administration tents, showers and laundry.

The planning department goes to work and then the dozers start clearing and soon we were ready to move into our new quarters.

ADMINISTRATION

AREA ACTIVITIES

The new administration huts are a lot different from the old tents.

Commodore Dickman, O-in-C of the Fifth Naval Const. Brigade; Capt. Jelly, his Executive Officer; and Commander Smallwood.

O-in-C of 40th Regiment inspects battalion area. The report came back that 23rd area rated No. 1 against all other areas on the Island.

The Battalion galley and bakery—a real stateside job.

G. S. K.

The supply warehouse and yard where one can get anything from a toothpick to a bulldozer—if you have the right chit.

SHIP STORE

AREA ACTIVITIES

The ship store — cigars, cigarettes, candy, ice cold Coca-Cola and beer.

S. S. FACILITIES

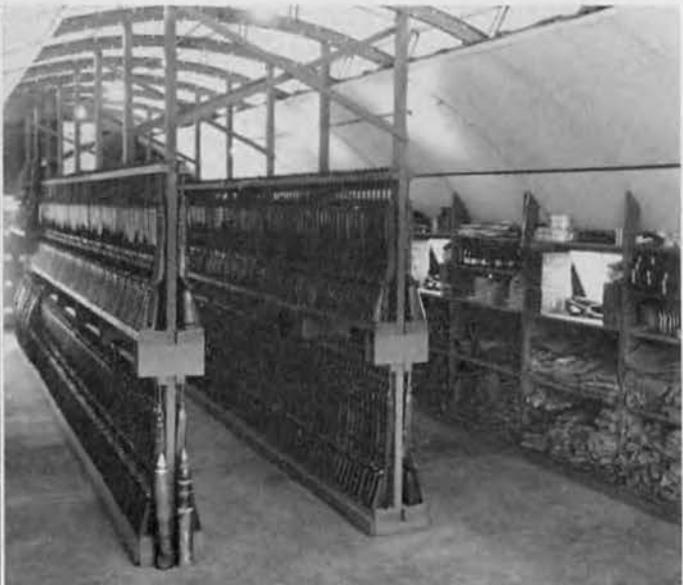

Ship Store Facilities for the convenience of the 23rd
N. C. B.—free tailor, cobbler, barber and laundry.

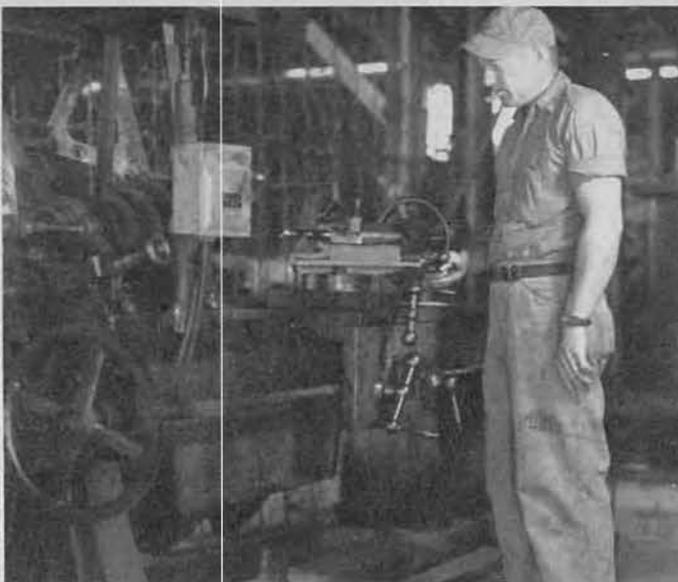

More area facilities — the armory at Moanalua Ridge and on Guam,

the post office, the printing shop and the sign painting shop.

TRANSPORTATION

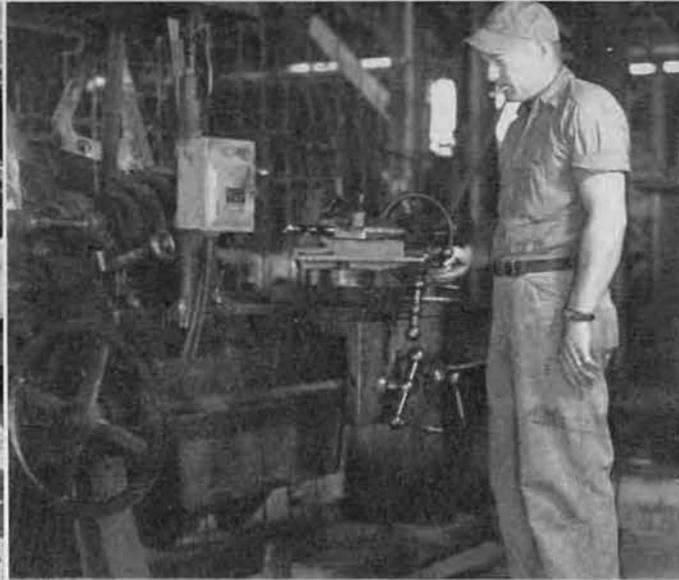

AREA ACTIVITIES

Transportation is very important with its truck drivers, equipment operators, heavy equipment repair-

men, garage crew, blacksmith shop and machine shop.

Transportation is very important with its truck drivers, equipment operators, heavy equipment repair-

men, garage crew, blacksmith shop and machine shop.

The 23rd's 5-hut sick bay on Guam complete with Pharmacy, wards, SOQ.

V - J DAY

AREA ACTIVITIES

Then came V-J Day a holiday and free

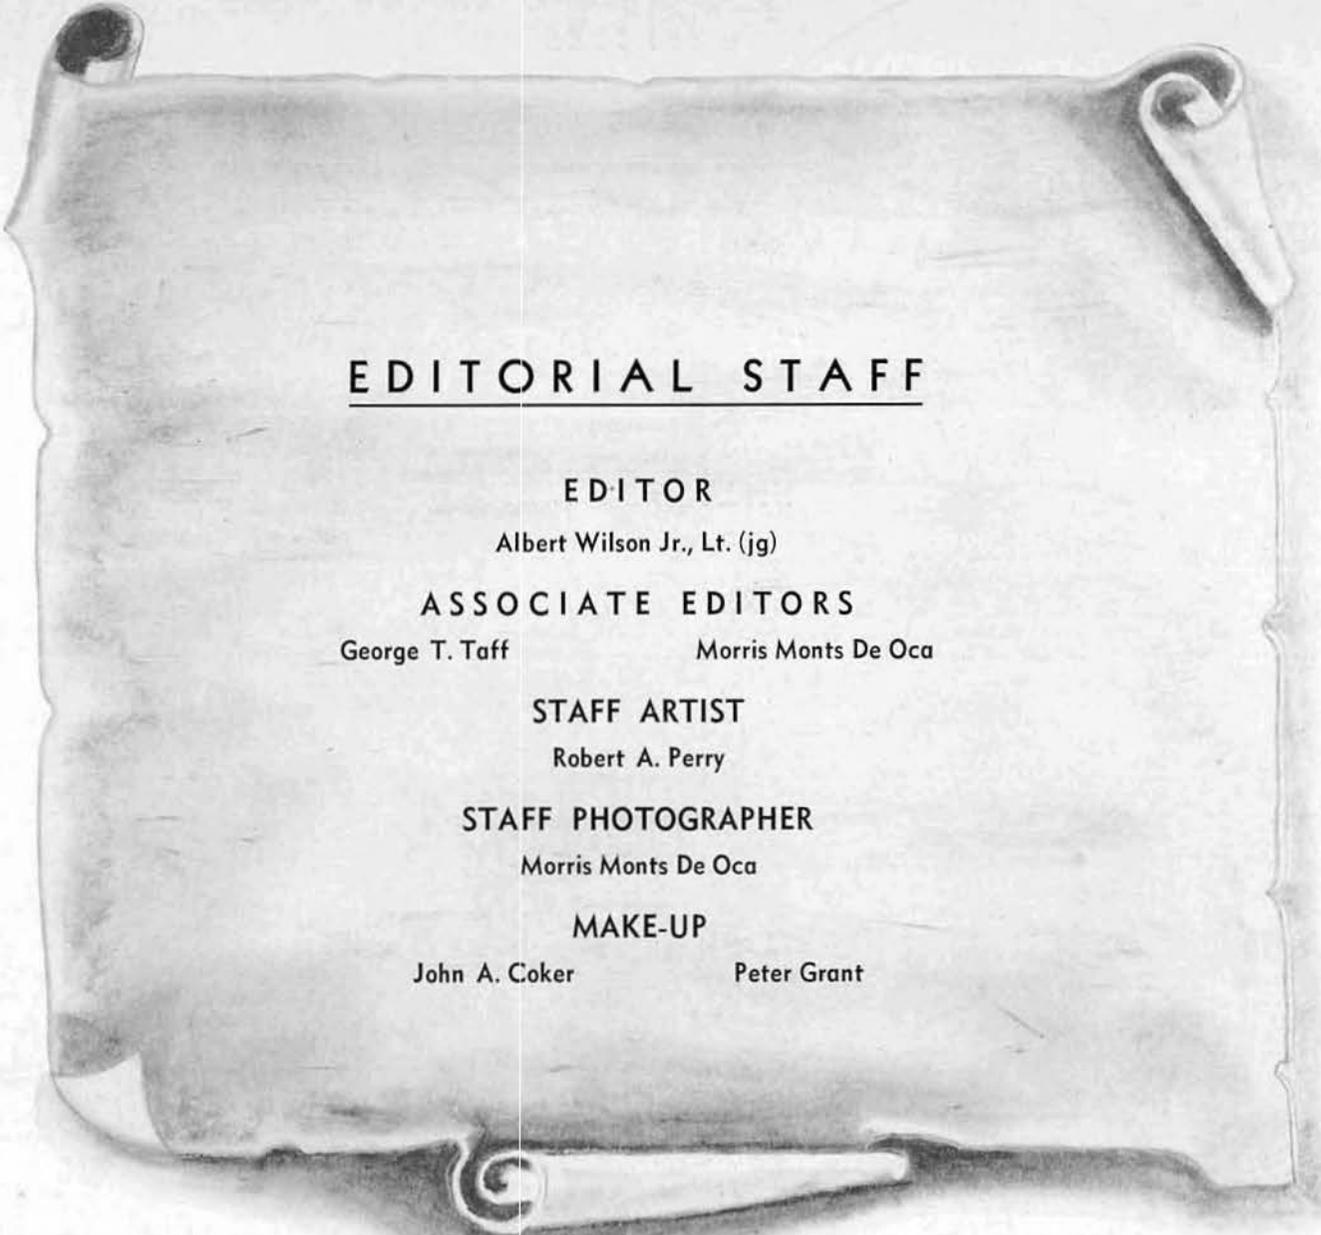

beer for all hands and then . . . HOME.

THIS IS IT'
LET'S GO HOME
