

Spar Deck

- **Skylight – Captain’s Cabin**
1847 Samuel Pook Plan (below) – first evidence of skylight over *Constitution* captain’s cabin
– it may have been round; by 1910, it was square with a 2-sided, hinged top.

1927-designed skylight aboard *Constitution*, 2009

1927, LT John Lord, supervisor of construction, added the new skylight to *Constitution*'s captain's cabin which remains today.

There was NO skylight in the Capt.'s cabin in 1812.

USN photo, *Constitution* Captain's Cabin, c.1931, showing skylight
