5th Construction Battalion (INACTIVATED)

FIFTH BATTALION

Formed at Camp Allen, Va., in May 1942, the Fifth arrived at Pearl Harbor the next month. From July of that year to April 1943, the Battalion sent detachments to Midway, Palmyra, in the Christmas Islands, Johnston Island and French Frigate Shoals. In June 1943, detachments were also shipped out to Canton and Kauai, T.H. Operation in all these bases was continued until March 1944, when the full complement went back to the States for leave. The second tour of duty for the Fifth began in January 1945 when the entire Battalion left for Samar. One detachment participated in the Balikpapan invasion. The Fifth was operating in the Philippines at war's end but were awaiting orders to move on to China.

PLAIN

1 Jul 1945 - Battalion now located and operating at
Calicoan, Samar, P.I.

NOTE: From the information set forth in Enclosure (1), Itinerary of 5th Naval Construction Battalion (Special), of BuPers basic correspondence, Pers-21220-023/ask (QED), dated 7 May 1945, it is believed that BuPers is under the impression from the records they have at hand that our 5th Special NCB disembarked at Tacloban, Leyte, 10 December 1944, and operated there until 3 March 1945, at which time we were detached and reported at Guiuan, Samar on 14 March 1945. This information is erroneous, but is no doubt due to "paper" orders which were issued merely to clarify the administrative and operational authorities over this Battalion.

NOTE: The above itinerary has been checked and authenticated by the Officer-in-Charge of the 5th Naval Construction Battalion (Special).
