About this Poster (NA News, May-June 2002)

This is the second of three insignia posters produced by *Naval Aviation News* and the Naval Aviation History and Archives Office (N78H, the final approving authority for Naval Aviation insignia). It illustrates **current squadrons only**. All insignia depicted were officially approved in accordance with OPNAVINST 5030.4 (current version 5030.4F).

Background Information

1. When a squadron is redesignated, it normally continues to use the previously approved insignia and requests a change to the designation in the lower scroll.
2. The squadrons indicated by an asterisk have continued to use the insignia from a former designation but have not officially updated the lower scroll.

3. In some cases squadrons have been officially authorized to use the insignia of an old squadron. This does not mean the squadron can trace its lineage back to the squadron that formerly used the design. For information on the evolution of squadron designations and lineage, see the following books published by the Naval Aviation History and Archives Office: *Dictionary of American Naval Aviation Squadrons, Volume 1, The History of VA, VAH, VAK, VAL, VAP and VFA Squadrons*; *Dictionary of American Naval Aviation Squadrons, Volume 2, The History of VP, VPB, VP(HL) and VP(AM) Squadrons*; and *United States Naval Aviation 1910-1995*.

Key to Abbreviations

Est., Established — Redes., Redesignated — * Scroll reflects prior designation
