## **1999 USS LAKE ERIE (CG 70) COMMAND HISTORY NARRATIVE**

LAKE ERIE rang in the New Year in Pearl Harbor, finishing holiday stand-down. On 7 January the ship embarked family and friends of the crew, as well as Navy League members, and put to sea for a dependent's cruise to Maui. The ship anchored off Lahaina for four days while all enjoyed the beautiful sights of Maui and quality time with their family and friends. On 11 January professional golfers Fred Funk, Jim Furyk, and Steve Jones, and a camera crew from the Entertainment and Sports Programming Network (ESPN) embarked in LAKE ERIE for a return transit to Pearl Harbor. The golfers had just participated in a tournament in Maui and would be playing in another tournament on Oahu. They enjoyed their brief time onboard. After returning to Pearl Harbor, the holiday stand-down ended on 15 January. LAKE ERIE observed Martin Luther King Jr. Day on 18 January.

LAKE ERIE successfully completed an Elevator Weapons Assessment from 19-22 January and a frocking and awards ceremony was also held on 19 January. On 21 January the Chief Petty Officers exam was administered and Brigadier General Bryan and his staff from HQ USCINCPAC toured the ship. LAKE ERIE arrived in San Diego on 18 February, remaining in port for one night. On 19 February the ship got underway for the rest of the month to participate in COMPTUEX with ships of the CONSTELLATION Battle Group in the Southern California Operating Area.

During the first eleven days in March LAKE ERIE completed COMPTUEX and administered the E-4 and E-5 advancement exams. On 11 March the ship returned to Naval Station San Diego for a one-week visit. While in San Diego some of the crew attended a Battle Group Multi-TADIL course while others participated in ship handling simulators. LAKE ERIE departed San Diego on 19 March for a return transit to Pearl Harbor. On 25 March LAKE ERIE arrived in Pearl Harbor to a warm welcome after six weeks away from home.
