VRC-40 1997 COMMAND HISTORY

1. COMMAND COMPOSITION AND ORGANIZATION

a. Fleet Logistics Support Squadron FOUR ZERO (VRC-40) is assigned the joint tasks of Carrier Onboard Delivery (COD) and Naval Special Warfare Support Services to the Navy's SECOND, FIFTH, and SIXTH Fleets. VRC-40 performs these missions in the Grumman C-2A "Greyhound" aircraft.

b. The Grumman C-2A carries the largest cargo payload of any fixed wing carrier aircraft and is the mainstay of the carrier battle group logistics support effort. The optimum fuel efficiency and cruising speeds of the C-2A enable the VRC-40 "Rawhides" to provide service to Carrier Battle Groups throughout the vast SECOND, FIFTH, and SIXTH Fleet operating areas. Unlike most fleet squadrons, VRC-40 does not deploy as a unit; instead, a two-plane, self-sustaining detachment is assigned to each deploying Carrier Battle Group. The detachment operates while embarked aboard the aircraft carrier or from forward land-based sites, providing the most flexible and expeditious delivery of high-priority personnel, cargo, and mail. Additionally, VRC-40 deploys detachments in support of routine SECOND Fleet carrier exercises as required.

c. Naval Air Station, Norfolk, VA is the homeport of VRC-40.

d. VRC-40's immediate senior Commander is Commander, Airborne Early Warning Wing, U.S. Atlantic Fleet (COMAEWWINGLANT), also located at Naval Air Station, Norfolk, VA.

e. VRC-40's Commanding Officer from 17 April 1996 to 5 September 1997 was Commander Paula H. Hinger, USN. The Commanding Officer from 5 September 1997 to the present is Commander Mark R. Boettcher.

3. NARRATIVE

a. The VRC-40 "Rawhides" have completed another great year of service to the U.S. Atlantic Fleet. The "Rawhides" have just completed 14 years with a perfect safety record. This is an impressive record for a squadron that supports no fewer than six Aircraft Carriers at sea. VRC-40 has sent three detachments on deployment this year in support of the USS THEODORE ROOSEVELT (CVN 71), USS JOHN F. KENNEDY (CV 67), and the USS GEORGE WASHINGTON (CVN 73). Additionally, the "Rawhides" sent detachments to Puerto Rico, Halifax, and Key West.

b. Public relations are very important to the men and women of VRC-40. The Distinguished Visitor Program has enabled many high level and influential people to visit Aircraft Carriers at sea. The "Honorary Tailhooker" program has been a great experience for all who fly with the "Rawhides". The "Rawhides" have also attended numerous airshows in an effort to promote Carrier Onboard Delivery (COD). The following list shows some of VRC-40's COD statistics:

Total Passengers carried:	19,315
Cargo carried:	2,375,000 lbs
Mail carried:	1,004,000 lbs
Sorties:	2,519
Flight hours:	4311.7 hrs
Carrier arrested landings:	1120
Hours since last Mishap:	63,485

Despite significant manning shortfalls and challenging operational commitments, VRC-40 has been able to support the Atlantic Fleet in virtually all tasking. While pilot shortage remains an ongoing factor, the "Rawhides" will get the job done.
