Naval Submarine Base Kings Bay

In 1954, the Army acquired Kings Bay to build an ocean terminal for use during national emergencies. Completed in 1958, the terminal was never used for its intended purpose and lay dormant until its transition to the Navy in 1978. In 1979, the site was selected as the Navy’s preferred East Coast site for the Ohio-class submarine. The base is currently home to a number of guided and ballistic-missile submarines.
