2. Commander's Assessment

The Commander's Assessment briefly tells the story of the command's role in national defense and should highlight any general and specific lessons-learned. It should contain the commander's commentary, insights and reflections on the unit's activities. Attention should be directed to significant issues impacting training, operations and mission accomplishment during the reporting period. Descriptions of circumstances and sequence of events leading to major command decisions and results of those decisions are particularly desired. Also desired are accounts of specific contributions of individuals in the command to mission accomplishment. For units engaged in or directly supporting combat, significant wartime or peacetime operations (named operations, non-combat evacuation operations, disaster relief or other humanitarian operations, etc.) or major exercises, particular attention should be given to the commander's estimate of the situation, records of discussions and decisions, descriptions of circumstances and sequence of events leading to operational decisions and results of those decisions. For a unit returning from deployment or participating in a single operation this can normally be a single assessment. For higher-echelon commands or units engaging in multiple operations, a separate assessment for each operation in addition to an overall assessment may be appropriate.

In 2005, the Bounty Hunter's of VFA-2 completed a five month Emergency Surge Deployment to the Western Pacific. After the Tsunami hit Indonesia, the Carrier Strike Group was diverted to the area to provide emergency response. The squadron thereby participated in Operation UNIFIED ASSISTANCE supplying the people of Bande Ache with hundreds of thousands of pounds of food and water. In February the squadron participated in Exercise COPE TIGER in Korat, Thailand. VFA-2 personnel completed

large force strike training with Thailand, Singapore and the US Air Force during this exercise. Upon return from deployment in March of 2005, the squadron maintained surge deployment readiness throughout the year in preparation for the March 2006 deployment.

Total flight hours for 2005: 4930

Total sorties for 2005: 2913

3. Chronology and Narrative

Chronology should include dates of movements; local operations and training; exercises and operations (define acronyms and purpose of exercise or operation); installation of new weapons systems or changes; major physical changes to facilities, ship or aircraft; Class A or B mishaps; port visits; unit awards received; reserve augmentation; and other significant operational or administrative events.

ACTIVITY	LOCATION	DATES
OPERATION UNIFIED ASSISTANCE	INDONESIA	JAN-FEB 2005
EXERCISE COPE TIGER	KORAT, THAILAND	JAN-FEB 2005
AIRWING FALLON	FALLON, NV	APR 2005
CSG SUSTAINMENT TRAINING	CVN-72, SOCAL	SEP 2005

The short narrative should amplify chronology entries (such as objectives and results of exercises/operations; commander's evaluation of exercises/operations, etc). Entries may refer to an enclosure of this report without additional description if the enclosure sufficiently reports the incident/event. For all other entries, give the date or period in YYYY-MM-DD format and provide a brief narrative. All significant events during the reporting period are to be included.

OPERATION UNIFIED ASSISTANCE provided the people of Indonesia with food and water after the Tsunami killed thousands of people and destroyed several cities in the Bande Ache area. The Lincoln Strike Group was the first US asset on the scene using it's personnel and helicopters to move the relief aid to remote areas.

EXERCISE COPE TIGER is an annual international exercise in which the US, Singapore and Thailand practice strike fighter training.

Air Wing Fallon detachment is a required one month training event in which all the squadrons of the air wing coordinate strike training in preparation for deployment.

CSG Sustainment Training involves shipboard operations in the SOCAL OPAREA.

4. Supporting Reports

Supporting Reports are those reports required by other instructions that provide significant data about the command during the calendar year. These reports may be submitted "as is," eliminating the need to duplicate information for this report that is already contained in reports prepared in response to other instructions and requirements. Examples include battle efficiency, safety and other award submissions, major staff or command studies, and end of cruise reports or briefs. For units engaged in or directly supporting combat, significant wartime or peacetime operations (named

operations, non-combat evacuation operations, disaster relief or other humanitarian operations, etc.) or major exercises, enclosures may include, but are not limited to:

- a. Situation Reports
- b. Intentions Messages
- c. Operational Reports
- d. Operations Orders/Deployment Orders
- e. Operational Plans
- f. Personal For Messages
- g. After Action Reports
- h. Significant Electronic Message Traffic (outgoing/e-mail/chat)
- i. Battle Damage Assessments
