NAS Oceana, Virginia Beach, Virginia 23460  
To: Chief of Naval Operations (OP-0502)

Subj: Command History (Report Symbol OPNAV Report 5750-1)

Ref: (a) OPNAVINST 5750.12B

Encl: (1) Documentary Annex

1. In accordance with reference (a), the following report is submitted:

a. Basic History.

(1) Command Organization - Fleet Composite Squadron TWELVE was commissioned on 1 September 1973 at NAF Detroit, Mt. Clemens, Michigan as the first Reserve Fleet Composite Squadron in Naval History.

(a) Commanding Officers

CDR D. L. KORN	SEP 73 - MAR 75
CDR D. A. GREGG	MAR 75 - Present

(b) Missions and Functions have not changed since previous submittal.

(c) Composite of Command - VC-12 currently operates and maintains nine (9) Douglas A4L Aircraft. Personnel assets consist of 17 officers and 116 enlisted.

(d) VC-12 moved its entire operation from NAF Detroit to NAS Oceana on 1 July 1975 in order that its assets might be more readily available for East Coast Fleet use.

(2) Summary of Operations - Although it seems a matter of routine, probably it should be noted that VC-12's single outstanding accomplishment was completing its assigned missions - safely and professionally. Secondly, the move from Detroit to Oceana constituted a major evolution and restructuring in the ranks of officer and enlisted alike. Five new pilots and eight-five enlisted men were recruited to fill the vacancies created by the squadron move. The significant amount of training that was required to get the squadron operational was and continues to be done effectively, as is seen in the Documentary Annex Operations Summaries.
