USS BOONE (FFG 28) COMMAND HISTORY COMMAND COMPOSITION AND ORGANIZATION

USS BOONE (FFG 28) is a member of the Oliver Hazard Perry class of Guided Missile Frigates. Her mission is to provide local area protection to battle groups, replenishment groups, amphibious forces, military and mercantile shipping and to conduct USW operations in conjunction with other sea control forces to ensure use of essential sea lanes of communications.

Along with her sister ships of the class, BOONE represents a break with tradition in many ways; a gas turbine powered propulsion plant with variable pitch propellers, austere manning accompanied by a high degree of computerized automation, a fully integrated combat system, two SH-60B helicopter hangars, auxiliary propulsion units (placed to maximize maneuverability) and a ship control console that provides steering and speed control directly from the bridge via a single Helmsman/Lee Helmsman.

The assets that BOONE has to call upon to accomplish her mission include a missile launcher capable of firing both antiaircraft and anti-ship missiles; the rapid fire, dual purpose 76mm gun; a Close-In Weapons System, 20mm, 6 barrel "gattling" gun, capable of firing 3000 rounds per minute at an incoming air target; anti-submarine torpedo tubes; and two SH-60 Light Airborne Multi-Purpose System (LAMPS) MK III helicopters.

USS BOONE is a Naval Reserve Frigate, assigned to Commander, Destroyer Squadron Six and is based in Naval Station Mayport, Florida. Her Commanding Officer is Walter L. Towns, CDR, USN.

USS BOONE (FFG 28) COMMAND HISTORY 2002 NARRATIVE

BOONE began 2002 in Christmas standdown inport Mayport, Florida.

From January through March, BOONE was underway frequently for training and preparation for BOONE's Final Evaluation Problem (FEP). FEP was successfully completed in mid March.

On 29 March 2003, CDR W. L. Towns, relieved CDR J. L. Morman as Commanding Officer, USS BOONE (FFG 28).

IT-21 was installed from 26 March through 18 May 2002 while moored in Mayport, Fl.

In May, BOONE participated in the 15th annual New York City FLEET WEEK from 19 May to 28 May. BOONE Sailors proudly represented the ship in numerous activities such as parades, Color Guard appearance at a NY Mets game, sporting activities, provided tours for thousands of people and participated in the removal of the last beam from the World Trade Center ceremony.

In June, BOONE steamed to Norfolk, Virginia to pick-up midshipmen for summer training CORTRAMID. She then operated in the VACAPES operating area from 12 June to 21 June conducting intensive training to show our future Naval Officers life onboard a Naval warship at sea. BOONE then transitted to Pascagoula, MS from 22 June to 25 June to participate as Flagship for the DESRON SIX Change of Command on 28 June.

In July, BOONE participated in submarine operations called SMART SEARCH with two other warships USS COLE (DDG 67) and USS NICHOLSON (DDG 987). The exercise was held in the Cherry Point Operating Area from 15 July to 19 July.

In August, BOONE was involved in her final exercise prior to deployment called GROUP SAIL from 1 August to 22 August with USS ESTOCIN (FFG 15) and USS JOHN L. HALL (FFG 32). During the exercise, BOONE conducted all phases of war fighting training including ASW, AAW and SUW. The highlight of the training was firing a SM-1 missile against a pair of drones, making a skinon-skin hit on the target. BOONE successfully completed all war fighting training and clearly demonstrated her tenacity and professionalism for her upcoming deployment. During the GROUP SAIL exercise, BOONE visited Key West, FL from 2 August to 5 August, Roosevelt Roads, Puerto Rico on 12 August and ST Thomas, Virgin Islands from 17 August to 20 August.

Upon returning to Mayport on 23 August, BOONE started her POM leave and standdown period prior to deployment. She also had an intensive IMAV with some major work completed including hull repair. Upon completion of standdown on 30 September, BOONE was ready for deployment.

On 1 October, BOONE departed on her Counter Drug Operations deployment in the Southern Command Area of Operation including the Caribbean and Eastern Pacific. While patrolling in the Pacific, BOONE spotted, chased and seized four suspect vessels, detained 20 suspected drug traffickers and confiscated over five tons of cocaine. While in the southern latitudes off the coast of Ecuador, BOONE was afforded the opportunity to rid herself of all her slimy pollywogs in a "Crossing the Line" ceremony. This event was the highlight of the deployment for a majority of the crew. BOONE made several port visits including stops in Balboa, Panama; Golfito, Costa Rica; Manta, Ecuador; and Callao, Peru before going back to homeport Mayport, Florida for IMAV from 8 December to 23 December. BOONE finished FMAV and got underway on 24 December to continue her deployment before ending the year inport Cozumel, Mexico from 26 - 28 December.

BOONE's accomplishments over the year prove that a ship's greatest asset is the dedication of her crew. Throughout the completion of FEP, SMART SEARCH, GROUP SAIL and Counter Drug Operations deployement, BOONE's life blood, her crew, maintained a high state of morale, execute sharply and professionally, and proudly represented the United States Navy wherever they travelled.
