Narrative

USS BREMERTON (SSN 698) continued Regular Overhaul throughout the entire year. During the last few months, some of the new and overhauled equipment was brought aboard and installed. When the overhaul is completed the BREMERTON will have new weapons systems that will include Mk 48 ADCAP, Tomahawk, and Harpoon. The data link between the weapons systems will be provided by the CCS Mk 1 Fire Control System and the BQQ-5D Sonar System.

The crew of the BREMERTON donated the sum of \$17,500 to the Combined Federal Campaign during 1989. This amount is much larger than most afloat and shore commands donated. The crew received the Pacesetter Gold Award from the local chairman of the Combined Federal Campaign for their efforts.
