1. In accordance with reference (a), the command history for Calendar Year 2003 for USS HAWES (FFG 53) UIC: 21234 is submitted for review.

2. Command Composition and Organization.

a. Mission: Multi-mission platform capable of performing in a variety of roles ranging from convoy escort to anti-air and anti-surface warfare. The addition of Naval Tactical Data System, Light Airborne Multi-Purpose helicopters, and the Tactical Towed Array System (TACTAS) gives USS HAWES a combat capability far beyond the class program expectations of the mid-1970s, and made the ship an integral and valued asset in virtually any war-at-sea scenario.

b. Organizational structure: The Immediate Senior In Command is Commander, Destroyer Squadron TWO TWO (UIC: 0131A). The aircraft attached to HAWES during 2003 was assigned by Helicopter Squadron Light FOUR TWO from Mayport, Florida.

c. Name of Commanding Officer: Anthony L. Krueger, CDR, USN.

d. Permanent duty station: Norfolk Naval Base, Virginia.

e. Type and number of aircraft assigned: One SH-60B LAMPS Helicopter.
